30 The Real Story Of What Happens To America Albert Brooks:

The Twilight of Social Conservatism John Dombrink, 2015-08-14 Despite many Americans triumphant proclamations that Barack Obama's 2008 and 2012 elections signified a post partisan post racial society it seems that the United States is more divided than ever From the rise of the Tea Party to strident anti immigration and anti welfare movements to the so called war on women the United States on its surface appears to be caught in the turmoil of a culture war that has not relented since the Reagan era But as John Dombrink writes in *The Twilight of Social Conservatism* the conservative backlash seen during Obama's presidency is indicative not of a rising social conservative force in society but of a waning one Drawing on demographic research political polls contemporary media and internet commentary Dombrink demonstrates that the vitality of major social conservative ideas from the culture war era has faded Support for once divisive wedge issues like same sex marriage and reproductive rights has increased dramatically and Americans particularly young Americans are less religious and more libertarian than ever before As he traces the end of the culture wars and the unwedging of American politics over the last eight years Dombrink is quick to caution that social conservatism has not disappeared entirely from view Nevertheless the once prominent Moral Majority pushing for dominance in American culture is now reconsidering itself as a minority and Dombrink argues that it is unlikely that social conservative forces will ever regain the power and potency they once held in American politics A comprehensive and insightful work *The Twilight of Social Conservatism* deftly analyzes the liberalizing trends that created the social and political culture America has today and that portend to the culture America will have in years to come New York Magazine, 1991-04-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
