Ancillary Sword Imperial Radch :

The Imperial Radch Boxed Trilogy Ann Leckie, 2017-09-19 This special boxed set contains all three novels in NYT bestselling author Ann Leckie's Hugo Nebula and Locus award winning space opera trilogy about a ship's AI who becomes trapped in a human body and her quest for revenge. There are few who write science fiction like Ann Leckie can. There are few who ever could John Scalzi. On a remote icy planet the soldier known as Breq is drawing closer to completing her quest. Breq is both more than she seems and less than she was. Years ago she was the Justice of Toren, a colossal starship with an artificial intelligence linking thousands of corpse soldiers in the service of the Radch, the empire that conquered the galaxy. An act of treachery has ripped it all away, leaving her with only one fragile human body and only one purpose: to revenge herself on Anaander Mianaai, many-bodied near-immortal Lord of the Radch. Ann Leckie's Imperial Radch trilogy has become one of the new classics of science fiction. Beautifully written and forward thinking, it does what good science fiction does best: taking readers to bold new worlds with plenty of explosions along the way. For more from Ann Leckie, check out *Provenance*, *The Raven Tower*.

Ancillary Sword Ann Leckie, 2014-10-07 Seeking atonement for past crimes, Breq takes on a mission as captain of a troublesome new crew of Radchai soldiers in the sequel to the New York Times bestselling award-winning *Ancillary Justice*. Breq is a soldier who used to be a warship. Once a weapon of conquest controlling thousands of minds, now she has only a single body and serves the emperor. With a new ship and a troublesome crew, Breq is ordered to go to the only place in the galaxy she would agree to go to: Athoek Station, to protect the family of a lieutenant she once knew, a lieutenant she murdered in cold blood. Ann Leckie's Imperial Radch trilogy has become one of the new classics of science fiction. Beautifully written and forward thinking, it does what good science fiction does best: taking readers to bold new worlds with plenty of explosions along the way.

Ancillary Mercy Ann Leckie, 2023-05-30 Breq and her crew must stand against an old and powerful enemy and fight for their own destinies in the stunning conclusion to the New York Times bestselling trilogy. A must read for fans of Ursula K. Le Guin and James S. A. Corey. For a moment things seemed to be under control for Breq, the soldier who used to be a warship. Then a search of Athoek Station's slums turns up someone who shouldn't exist and a messenger from the mysterious Presger empire arrives as does Breq's enemy, the divided and quite possibly insane Anaander Mianaai, ruler of an empire at war with itself. Breq refuses to flee with her ship and crew because that would leave the people of Athoek in terrible danger. The odds aren't good, but that's never stopped her before. There are few who write science fiction like Ann Leckie can. There are few who ever could John Scalzi.

Ancillary Justice Ann Leckie, 2013-10-01 Winner of the Hugo Nebula and Arthur C. Clarke Awards, this record-breaking novel follows a warship trapped in a human body on a quest for revenge. A must read for fans of Ursula K. Le Guin and James S. A. Corey. There are few who write science fiction like Ann Leckie can. There are few who ever could John Scalzi.
