Angel Stations English Edition:

Angel Station Jáchym Topol, 2017-05-26 Jachym Topol is the most translated Czech author of his generation lauded for his imaginative storytelling and his inventive use of language Melding fiction and documentary with a dash of black humor on the side he zeroes in on the agonies and injustices of the totalitarian past in his own country and throughout Central and Eastern Europe Angel Station takes its title from the bustling Metro stop in the Prague district of Sm chov Until the gentrification of the late 1990s it was a rough and tumble working class neighborhood with a sizeable Roma and Vietnamese population Topol s novel in sparse yet poetic language agilely brought into English by the author s longtime translator Alex Zucker weaves together the brutal and disturbing fates of an addict a shopkeeper and a religious fanatic as they each follow the path they hope will lead them to serenity drugs money and faith *Angels in Early Medieval England* Richard Sowerby, 2016 In the modern world angels can often seem to be no more than a symbol but in the Middle Ages men and women thought differently Some offered prayers intended to secure the angelic assistance for the living and the dead others erected stone monuments carved with images of winged figures and still others made angels the subject of poetic endeavour and theological scholarship This wealth of material has never been fully explored and was once dismissed as the detritus of a superstitious age *Angels in Medieval England* offers a different perspective by using angels as a prism through which to study the changing religious culture of an unfamiliar age Focusing on one corner of medieval Europe which produced an abundance of material relating to angels Richard Sowerby investigates the way that ancient beliefs about angels were preserved and adapted in England during the Anglo Saxon period Between the sixth century and the eleventh the convictions of Anglo Saxon men and women about the world of the spirits underwent a gradual transformation This book is the first to explore that transformation and to show the ways in which the Anglo Saxons tried to reconcile their religious inheritance with their own perspectives about the world human nature and God *Angels Town* Ralph Cintron, 1998-11-01 As issues of power and social order loom large in Angelstown Ralph Cintron shows how eruptions on the margins of the community are emblematic of a deeper disorder In their language and images the members of a Latino community in a mid-sized American city create self respect under conditions of disrespect Cintron s innovative ethnography offers a beautiful portrait of a struggling Mexican American community and shows how people including ethnographers make sense of their lives through cultural forms *Sunbonnet Angels (2nd edition)* Josephine Ella White, 2011-11-09 A Tribute to Scots Irish Women in Early Texas As a child Josephine Ella White was always interested in the stories and memories of the old timers in her native Texas She was particularly interested in the women who they were where their families were from and especially the ways in which they cared for their families and homes Drawing from a wealth of research genealogical study family lore and her love of Texas Josephine White paints a vivid portrait of the state from its Scots Irish roots until World War II **The Popol Vuh: An Astronomy Book** D. M. Urquidi, 2011-06-02 The author has unraveled the fascinating history of Astronomy by the Maya

before the arrival of Columbus and it does a decent job The focus is on interpreting the intricate highly symbolic artifacts left behind by them as well as by the Aztec and the Inca In addition those of some North and South American tribes especially when their symbols are related to ancient astronomy The writer covers a breadth of scientific astronomical and historical information making bold but often plausible interpretations The author may take you places you've never even imagined

Revolutionary Memory Cary Nelson, 2013-10-11 Revolutionary Memory is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon's edge Focused in part of the red decade of the 1930s Revolutionary Memory revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts Revolutionary Memory brings that chorus dramatically to life and sets a cultural agenda for future work

Language Brokers Hyeyoung Kwon, 2024-08-06 In a nation lacking a comprehensive social safety net people often scramble to find private solutions to structural problems While existing scholarship primarily focuses on how adults particularly mothers navigate systematic gaps in social support Language Brokers shifts our attention to bilingual children securing crucial resources for their families Drawing upon interviews with working class Mexican and Korean American language brokers as well as healthcare providers and months of participant observation in a Southern California police station Hyeyoung Kwon reveals how children of immigrants translate more than simple verbal exchanges Living at the intersection of multiple forms of inequality these youth creatively use their in-between status to resolve structural problems to ensure their families' basic citizenship rights are upheld in interactions with teachers social workers landlords doctors and police officers In an era of widespread racialized nativism Language Brokers provides a critical examination of American culture laying bare the contradictions between the ideals of equality and the exclusion of immigrants Kwon underscores that dichotomous and racialized understandings of deserving and undeserving immigrants which are embedded in everyday interactions and institutional practices inform the routine ways in which immigrant youth attempt to cultivate belonging for their families
