Anmerkungen Zu Hitler Sebastian Haffner:

Anmerkungen zu Hitler Sebastian Haffner, 2019-03-26 Bis heute hat dieses zuerst 1978 erschienene Buch nichts von seiner Bedeutung verloren Wie keine zweite Darstellung ber den Nationalsozialismus leisten die Anmerkungen zu Hitler einen wesentlichen Beitrag zum Verständnis deutscher Vergangenheit und damit auch der Gegenwart Seinen Autor hat dieses Buch auf einen Schlag weltberühmt gemacht Haffners führt an einer der dunkelsten Gestalten deutscher Geschichte vor dass es eben nicht einen zwangsläufigen Gang der Geschichte gibt der unausweichlich in die Katastrophe führt sondern dass es Menschen und Persönlichkeiten sind die den Gang der Geschichte beeinflussen und auf die es ankommt **Hitler's Fatal Miscalculation** Klaus Schmider, 2021-01-28 Challenges long held assumptions regarding the German declaration of war on the United States in December 1941 **Legacies of Dachau** Harold Marcuse, 2001-03-22 Auschwitz Belsen Dachau These names still evoke the horrors of Nazi Germany around the world This 2001 book takes one of these sites Dachau and traces its history from the beginning of the twentieth century through its twelve years as Nazi Germany's premier concentration camp to the camp's postwar uses as prison residential neighborhood and finally museum and memorial site With superbly chosen examples and an eye for telling detail Legacies of Dachau documents how Nazi perpetrators were quietly rehabilitated to become powerful elites while survivors of the concentration camps were once again marginalized criminalized and silenced Combining meticulous archival research with an encyclopedic knowledge of the extensive literatures on Germany the Holocaust and historical memory Marcuse unravels the intriguing relationship between historical events individual memory and political culture to offer a unified interpretation of their interaction from the Nazi era to the twenty first century Sebastian Haffner liest Anmerkungen zu Hitler, 2019 **Hitler's Court** Heike B. Görtemaker, 2022-01-12 This revelatory history examines the loyal inner circle that followed and enabled Hitler's rise to power and continued on after WWII Hitler was not a lonely aloof dictator Throughout his rise in the NSDAP he gathered a loyal circle around him and was surrounded by people who celebrated flattered and intrigued him Who belonged to this inner circle around Hitler What function did this court fulfill And how did it influence the perception of history after 1945 Using previously unknown sources Heike Görtemaker explores Hitler's private environment and shows how this inner circle made him who he was Hitler's inner circle the Berghof Society was his private retreat But the court was more than that It provided him with the support he needed to take on the role of Führer at all while at the same time allowing him to use its members as political front men Most of all it represented a conspiratorial community whose lowest common denominator was anti-Semitism In this book Heike Görtemaker asks new questions about the truth behind Hitler's inner circle and for the first time also examines the circle without leaders the networking of the inner circle after 1945 **A Dubious Past** Elliot Y. Neaman, 2023-09-01 A Dubious Past examines from a new perspective the legacy of Ernst Jünger 1895 1998 one of the most fascinating figures in twentieth century German intellectual life From the time he burst onto the literary scene with The

Storms of Steel in the early 1920s until he reached Olympian age in a reunited Germany J nger s writings on a vast range of topics generated scores of controversies In old age he became a cultural celebrity whose long life mirrored the tragic twists and turns of Germany s most difficult century Elliot Neaman s study reflects an impressive investigation of published and unpublished material including letters interviews and other media Through his analysis of J nger s work and its reception over the years he addresses central questions of German intellectual life such as the postwar radical conservative interpretation of the Holocaust divided memory German identity left and right critiques of civilization and the political allegiances of the German and European political right A Dubious Past reconceptualizes intellectual fascism as a sophisticated critique of liberal humanism and Marxism one that should be seen as coherent and for a surprising number of contemporary intellectuals all too attractive A Dubious Past examines from a new perspective the legacy of Ernst J nger 1895 1998 one of the most fascinating figures in twentieth century German intellectual life From the time he burst onto the literary scene with The Storms of Steel

Hitler, the Germans, and the Final Solution Ian Kershaw, 2008-05-28 This volume presents a comprehensive multifaceted picture both of the destructive dynamic of the Nazi leadership and of the attitudes and behavior of ordinary Germans as the persecution of the Jews spiraled into total genocide

Hitler's Spy Against Churchill Jan-Willem van den Braak, 2022-06-16 From the summer of 1940 until May 1941 nearly twenty German Abwehr agents were dropped by boat or parachute into England during what was known as Operation Lena all in preparation for Hitler s planned invasion of England The invasion itself would never happen and in fact after the war one of the Abwehr commanders declared that the operation was doomed to failure There is no doubt that the operation did indeed become a fiasco with almost all of the officers being arrested within a very brief period of time Some of the men were executed while others became double agents and spied for Britain against Germany Only one man managed to stay at large for five months before eventually committing suicide Jan Willem Ter Braak Amazingly his background and objectives had always remained unclear and none of the other Lena spies had ever even heard of him Even after the opening of the secret service files in England and the Netherlands over 50 years later Jan Willem Ter Braak remained a mystery man as the military historian Ladislav Farago famously described him In this book the author his near namesake examines the short and tragic life of Jan Willem Ter Braak for the first time Using in depth research he investigates the possibility that Ter Braak was sent to kill the British Prime Minister Winston Churchill and discovers why his fate has remained largely unknown for so long

Nazi Propaganda (RLE Nazi Germany & Holocaust) David Welch, 2014-09-04 Based on a detailed examination of specific aspects of Nazi propaganda this book originally published in 1983 enhances the understanding of National Socialism by revealing both its power and its limitations The work tackles aspects of Nazi propaganda which had been neglected in the past but together they demonstrate the disproportionate role assigned to propaganda in one of the most highly politicised societies in contemporary European history

Fascism: The nature of fascism Roger Griffin, Matthew Feldman, 2004 The

nature of fascism has been hotly contested by scholars since the term was first coined by Mussolini in 1919. However, for the first time since Italian fascism appeared, there is now a significant degree of consensus amongst scholars about how to approach the generic term, namely as a revolutionary form of ultra nationalism. Seen from this perspective, all forms of fascism have three common features: anticonservatism, a myth of ethnic or national renewal, and a conception of a nation in crisis. This collection includes articles that show this new consensus, which is inevitably contested, as well as making available material which relates to aspects of fascism independently of any sort of consensus, and also covering fascism of the inter and post war periods. This is a comprehensive selection of texts reflecting both the extreme, multi-faceted nature of fascism as a phenomenon and the extraordinary divergence of interpretations of fascism.
