The #1 New York Times Bestseller John Bear,1992 Lists hundreds of books that have made the famous list and offers facts about the publishing industry authors and the list itself The Publishers Weekly ,1953 *Branch Library Book News* ... New York Public Library,1952 The Retail Bookseller ,1953 *Religion and Sport* Charles S. Prebish,1993 Prebish offers a thoughtful look at sport as a religious experience and argues that sport has become an American religion The first section of the work contains three chapters that provide a definitional theoretical and methodological frame for examining sport as religion The five chapters that follow each written by an authority in the field treat different aspects of the religious dimension of sport These chapters represent the most important writings on sport as a religious experience and each author offers a full and thoughtful discussion rather than a cursory overview A final chapter by Prebish closes the work The first chapter of the book challenges traditional assumptions about religion and encourages the reader to reconsider what religion is The second chapter examines the difficulty of defining sport and the third probes the close relationship between sport and religion The anthology that follows contains chapters that examine religion and sport from sociological historical theological philosophical and psychological perspectives A concluding bibliography lists material for further reading **Branch Library Book News** ,1954 Books for Young People ,1945 **Nature's Altars** Susan R.
