Art History And Its Methods Fernie:

Art History and Its Methods Eric Fernie, 1995-07-09 A collection of critical essays on method in art history Methods and Theories of Art History Anne D'Alleva, 2005 This is an analysis of complex forms of art history It covers a broad range of approaches presenting individual arguments controversies and divergent perspectives The book begins by introducing the concept of theory and explains why it is important to the practice of art history Art History and Its Methods Eric Fernie, 2009 **The Pinocchio Effect** Suzanne Stewart-Steinberg, 2007 The Pinocchio Effect draws on a broad array of sources to trace the making of a modern national identity in Italy The author explores all the ways that identity was constructed through newly formed attachments voluntary and otherwise to the nation **Art history** Michael Hatt, Charlotte Klunk, 2025-03-18 Art History A critical introduction to its methods provides a lively and stimulating introduction to methodological debates within art history Offering a lucid account of approaches from Hegel to post colonialism the book provides a sense of art history's own history as a discipline from its emergence in the late eighteenth century to contemporary debates By explaining the underlying philosophical and political assumptions behind each method along with clear examples of how these are brought to bear on visual and historical analysis the authors show that an adherence to a certain method is in effect a commitment to a set of beliefs and values The book makes a strong case for the vitality of the discipline and its methodological centrality to new fields such as visual culture This book will be of enormous value to undergraduate and graduate students and also makes its own contributions to ongoing scholarly debates about theory and method *Internationalizing the History of American Art* Barbara Groseclose, 2009-01-01 A collection of essays presenting international perspectives on the narratives and the practices grounding the scholarly study of American art Provided by publisher *Art History: The Basics* Diana Newall, Grant Pooke, 2008-03-10 Art History The Basics is a concise and accessible introduction for the general reader and the undergraduate approaching the history of art for the first time at college or university It will give you answers to questions like What is art and art history What are the main methodologies used to understand art How have ideas about form sex and gender shaped representation What connects art with psychoanalysis semiotics and Marxism How are globalization and postmodernism changing art and art history Each chapter introduces key ideas issues and debates in art history including information on relevant websites and image archives Fully illustrated with an international range of artistic examples Art History The Basics also includes helpful subject summaries further ideas for reading in each chapter and a useful glossary for easy reference Art History as Cultural History Richard Woodfield, 2014-04-08 This book focuses on Aby Warburg 1866 1929 one of the legendary figures of twentieth century cultural history His collection which is now housed in the Warburg Institute of the University of London bears witness to his idiosyncratic approach to a psychology of symbolism and explores the *Nachleben* of classical antiquity in its manifold cultural legacy This collection of essays offers the first translation of one of Warburg's key essays the Gombrich lecture described by

Carlo Ginzburg as the richest and most penetrating interpretation of Warburg and original essays on Warburg's astrology his Mnemosyne project and his favourite topic of festivals Richard Woodfield is Research Professor in the Faculty of Art and Design at the Nottingham Trent University England He has edited E H Gombrich's Reflections on the History of Art 1987 Gombrich on Art and Psychology 1996 The Essential Gombrich 1996 and a volume on Riegl in the Critical Voices in Art Theory and Culture series He is also the General Editor of a new series of books for G B Arts International Aesthetics and the Arts Edited by Richard Woodfield Research Professor in the Faculty of Art and Design at Nottingham Trent University UK

Research Methods for History Simon Gunn, 2011-11-30 The first guide to the sources techniques and concepts needed for effective historical research While historians have become increasingly sensitive to social and cultural theory since the 1980s the actual methods by which research is carried out in History have been largely taken for granted Research Methods for History encourages those researching the past to think creatively about the wide range of methods currently in use to understand how these methods are used and what historical insights they can provide The book covers sources and methods that are well established in History such as archival research together with those that are less widely known The themes of the different chapters have been selected to reflect recent trends in the subject Even with more established methods however the aim is to present new insights and perspectives and to open researchers' minds to new methodological possibilities

The Art of Art History Donald Preziosi, 2009-02-26 What is art history Why how and where did it originate and how have its methods changed over time The history of art has been written and rewritten since classical antiquity Since the foundation of the modern discipline of art history in Germany in the late eighteenth century debates about art and its histories have intensified Historians philosophers psychologists and anthropologists among others have changed our notions of what art history has been is and might be This anthology is a guide to understanding art history through critical reading of the field's most innovative and influential texts focusing on the past two centuries Each section focuses on a key issue art as history aesthetics form content and style anthropology meaning and interpretation authorship and identity and the phenomenon of globalization More than thirty readings from writers as diverse as Winckelmann Kant Mary Kelly and Michel Foucault are brought together with editorial introductions to each topic providing background information bibliographies and critical elucidations of the issues at stake This updated and expanded edition contains sixteen newly included extracts from key thinkers in the history of art from Giorgio Vasari to Walter Benjamin and Satya Mohanty a new section on globalization and also a new concluding essay from Donald Preziosi on the tasks of the art historian today

Women Medievalists and the Academy, Volume 1 Jane Chance, 2018-05-22 Long overlooked in standard reference works pioneering women medievalists finally receive their due in Women Medievalists and the Academy This comprehensive edited volume brings to life a diverse collection of inspiring figures through memoirs biographical essays and interviews Covering many different nationalities and academic disciplines including literature philology history archaeology art history theology or religious studies and

Johann Joachim Winckelmann on Art, Architecture, and Archaeology Johann Joachim Winckelmann, 2013 Modern English translations of several of the most important essays of Winckelmann one of the fathers of art history and archaeology and a strong influence on Goethe and Schiller and Weimar Classicism Johann Joachim Winckelmann 1717-68 has long been recognized as one of the founders of modern art history and a major force in the development of archaeology and the study of ancient Greek architecture He also exerted an influence on the Weimar Classicism of Goethe and Schiller for whom his description of Greek sculpture as evoking edle Einfalt und stille Grösse noble simplicity and a calm greatness became a watchword He contributed to modern scientific archaeology through his application of empirically derived categories of style to the analysis of classical works of art and architecture and was one of the first to undertake detailed empirical examinations of artifacts and describe them precisely in a way that enabled reasoned conclusions to be drawn about ancient societies and their cultures Yet several of his important essays are not available in modern English translation The present volume remedies this situation by collecting four of Winckelmann's most seminal essays on art along with several shorter pieces on the topic two major if brief essays on architecture and one longer essay on archaeology Paired with this is an introduction covering Winckelmann's life and work David Carter is retired as Professor of Communicative English at Yonsei University Seoul Korea and is former Lecturer in

German Studies at the University of Southampton UK Among his recently published translations from German are Klaus Mann's novel *Alexander* 2008 and *On Cocaine* 2011 a collection of Sigmund Freud's writings on the topic **Jesuit Art** Mia M. Mochizuki, 2022-01-31 In *Jesuit Art* Mia Mochizuki considers the artistic production of the pre-suppression Society of Jesus 1540-1773 from a global perspective Geographic and medial expansion of the standard corpus changes not only the objects under analysis it also affects the kinds of queries that arise Mochizuki draws upon masterpieces and material culture from around the world to assess the signature structural innovations pioneered by Jesuits in the history of the image When the question of a Jesuit style is rehabilitated as an inquiry into sources for a spectrum of works the Society's investment in the functional potential of illustrated books reveals the traits that would come to define the modern image as internally networked technologically defined and innately subjective *Power, Identity, and the Rise of Modern Architecture* Koompong Noobanjong, 2003 This dissertation examines the evolution of Western and Modern architecture in Siam and Thailand It illustrates how various architectural ideas have contributed to the physical design and spatial configuration of places associated with negotiation and allocation of political power which are throne halls parliaments and government and civic structures since the 1850s *Art History for Comics* Ian Horton, Maggie Gray, 2022-09-20 This book looks at comics through the lens of Art History examining the past influence of art historical methodologies on comics scholarship to scope how they can be applied to Comics Studies in the present and future It unearths how early comics scholars deployed art historical approaches including stylistic analysis iconography Cultural History and the social history of art and proposes how such methodologies updated in light of disciplinary developments within Art History could be usefully adopted in the study of comics today Through a series of indicative case studies of British and American comics like *Eagle* *The Mighty Thor* 2000AD *Escape* and *Heartbreak Hotel* it argues that art historical methods better address overlooked aspects of visual and material form Bringing Art History back into the interdisciplinary nexus of comics scholarship raises some fundamental questions about the categories frameworks and values underlying contemporary Comics Studies **Making Art History** Elizabeth Mansfield, 2014-05-01 *Making Art History* is a collection of essays by contemporary scholars on the practice and theory of art history as it responds to institutions as diverse as art galleries and museums publishing houses and universities school boards and professional organizations political parties and multinational corporations The text is split into four thematic sections each of which begins with a short introduction from the editor the sections include *Border Patrols* addresses the artistic canon and its relationship to the ongoing war on terror globalization and the rise of the Belgian nationalist party *The Subjects of Art History* questions whether art and history are really what the discipline seeks to understand *Instituting Art History* concerns art history and its relation to the university and raises questions about the mission habits ethics and limits of university today *Old Master New Institutions* shows how art history and the museum respond to nationalism corporate management models and the culture wars *Theoretical Approaches to the Archaeology of Ancient Greece* Lisa

Nevett, 2017-03-06 Employs a new theoretical approach toward ancient Greek material culture Rethinking Architectural Historiography Dana Arnold, Elvan Altan Ergut, Belgin Turan Ozkaya, 2006-09-27 Rather than subscribing to a single position this collection informs the reader about the current state of the discipline looking at changes across the broad field of methodological theoretical and geographical plurality Divided into three sections Rethinking Architectural Historiography begins by renegotiating foundational and contemporary boundaries of architectural history in relation to other fields such as art history and archaeology It then goes on to critically engage with past and present histories disclosing assumptions biases and absences in architectural historiography It concludes by exploring the possibilities provided by new perspectives reframing the discipline in the light of new parameters and problematics This timely and illustrated title reflects upon the current changes in historiographical practice exploring potential openings that may contribute further transformation of the disciplines and theories on architectural historiography and addresses the current question of the disciplinary particularity of architectural history
