Tarot Shadow Work Christine Jette, 2000 In Tarot Shadow Work

Christine Jette bravely takes the practice of tarot readings to new depths and places many people fear to go She shows us how we can use the cards to trigger awareness in ourselves of troubling aspects of our lives and histories and then go beyond discovery to use the cards as tools for healing This is part of the work that needs to be done with tarot in this new century Rachel Pollack author of 78 Degrees of Wisdom and the forthcoming Shining Tribe Tarot Deep within our psyches the unconscious holds our forbidden feelings secret wishes and creative urges Over time these dark forces take on a life of their own and form the shadow a powerful force of unresolved inner conflicts and unexpressed emotions that defies our efforts to control it The shadow takes its shape from a menagerie of archetypes each recognizable throughout time and around the world troubling characters who thrive within our persona The shadow is saboteur martyr victim addict sadist masochist or tyrant all the dark figures that prey on the lighter qualities of the human personality The shadow also represents those latent talents and positive traits that were banished from us at some time along our life path artistic musical athletic or creative talents An undeveloped ability a dream that has gone unexpressed a fantasy of what might have been these too make up the personal shadow the lost parts of ourselves Tarot Shadow Work shows you how to free yourself from the shackles of the shadow's power Through tarot work journaling meditation creative visualization and dream work you will bring the shadow into the light This book is ideal for those who are in recovery from a serious addiction or illness as well as any person seeking a deeper understanding of his or her true self By exploring the dark and uncharted territory of the unconscious mind you will work towards understanding and integrating the shadow No prior knowledge of the tarot is required You will learn to use the cards as a tool to help you break free from negative patterns and self destructive behavior Once we realize that we are made of both light and darkness life will start to make sense When we accept our dual natures we stop sabotaging our own efforts and learn to be compassionate with others and with ourselves

collection of spiritual writings will change your life by guiding you through inspiration and new perspectives for facing life's challenges and living a life in joy. Drawing from the teachings of Paramhansa Yogananda, author of the classic *Autobiography of a Yogi*, *Touch of Joy* shares practical tools, instructive stories, and right attitudes to help you learn to tap the wellsprings of joy within you. Joy is an aspect of God and is at the heart of our own soul nature. It is not to be found in outer fulfillments or gratifications but exists without any cause. Swami Kriyananda, a direct disciple of Yogananda and spiritual teacher of the authors, once said, "Joy is the solution, not the reward." To learn to live with joy under all circumstances and not to wait only until conditions are to our liking is the secret of a happy life. Jyotish and Devi Novak are celebrated lecturers who have inspired many thousands around the world. They know from experience that these teachings can improve all aspects of life: health, business, success, creativity, marriage, family, education, and spiritual development. The authors, having studied for nearly fifty years with Swami Kriyananda, are Spiritual Directors of Ananda Worldwide and live in Nevada City, California.

Finding Happiness Swami Kriyananda, 2014-11-14 When you change your whole world changes. Here is a secret well worth knowing: Happiness is not a gift you receive from others but a divine birthright you choose for yourself now. Happiness is a choice, a state of mind you can cultivate day by day. Try the simple program of positive thinking and expansive living described in this book, and watch your life change for the better. Life can be a humdrum monotony of similar experiences repeated again and again, daily, monthly, yearly, without any substantial change of circumstances or increase of fulfillment. But many people are discovering that when their thoughts become more positive and expansive, their lives also improve when we change from the inside, our whole world changes. True happiness springs from within. And there are ways and techniques to make that happiness grow. Therefore, this book *Finding Happiness Day by Day*. In it, Swami Kriyananda presents thoughts and actions for you to experiment with. All of these suggestions are based on universal principles, principles that lead to inner happiness. Kriyananda writes, "I suggest you take one thought at a time from the following pages. Keep it before you throughout the day as a reminder. Repeat it out loud or mentally, letting it sink into your subconscious. And look for situations in your life to which you can apply it creatively. Practicing these principles in daily life can bring you ever closer to finding happiness, the ever new joy that dwells within you."
