The Other Side Jennifer Higgie, 2024-01-02 The first major work of art history to focus on women artists and their engagement with the spirit world by the author of *The Mirror and the Palette* It's not so long ago that a woman's expressed interest in other realms would have ruined her reputation or even killed her And yet spiritualism in various incarnations has influenced numerous men including lauded modernist artists such as Wassily Kandinsky Piet Mondrian Kazimir Malevich and Paul Klee without repercussion The fact that so many radical female artists of their generation and earlier also drank deeply from the same spiritual well has been sorely neglected for too long In *The Other Side* we explore the lives and work of a group of extraordinary women from the twelfth century mystic composer and artist Hildegard of Bingen to the nineteenth century English spiritualist Georgiana Houghton whose paintings swirl like a cosmic Jackson Pollock the early twentieth century Swedish artist Hilma af Klint who painted with the help of her spirit guides and whose recent exhibition at New York's Guggenheim broke all attendance records to the Desert Transcendentalist Agnes Pelton who painted her visions beneath the vast skies of California We also learn about the Swiss healer Emma Kunz who used geometric drawings to treat her patients and the British surrealist and occultist Ithell Colquhoun whose estate of more than 5 000 works recently entered the Tate gallery collection While the individual work of these artists is unique the women loosely shared the same goal to communicate with and learn from other dimensions Weaving in and out of these myriad lives while sharing her own memories of otherworldly experiences Jennifer Higgie discusses the solace of ritual the gender exclusions of art history the contemporary relevance of myth the boom in alternative ways of understanding the world and the impact of spiritualism on feminism and contemporary art A radical reappraisal of a marginalized group of artists *The Other Side* is an intoxicating blend of memoir biography and art history

Walter Greenwood's Love on the Dole Chris Hopkins,2018 This book gives the fullest

account so far of the origins success and public impact of Walter Greenwood's *Love on the Dole* in all three of its versions novel 1933 play 1935 and film 1941 Circular of Information of the Bureau of Education, for ... United States. Office of Education, 1887 *A Select Collection of Valuable and Curious Arts and Interesting Experiments, Which Are Well Explained and Warranted Genuine and May Be Performed Easily, Safely and at Little Expense* Various Authors, Water proof gilding and silvering This kind of gilding usually termed oil gilding being the cheapest and most durable is in general use for gilding or silvering letters on signs labels but neither of these last are very essential ingredients Expose this composition to the rays of the sun for a week or more in a broad open vessel observing however to keep it free from dust Then pour off the finest part and dilute it with as much spirits of turpentine as will make it work freely with a brush or camel hair pencil Oil that will answer exceedingly well for this purpose may sometimes be collected from the top of oil paints that have been long standing and may be used directly without being exposed to the sun as directed above Whatever letters or figures you would gild must be first drawn or painted with this sizing the ground having been previously painted and varnished and when the sizing is so dry as to be hard but yet remains slightly adhesive or sticky lay on gold or silver leaves smoothly over the whole pressing them down gently with a soft ball of cotton The most convenient manner of performing this is to lay the leaves of gold or silver first on a piece of deer skin or glove leather and cut them into pieces of a convenient size by drawing a smooth not sharp edged knife over them Then take a small block of wood of a triangular form about half an inch thick and two inches in diameter and bind a strip of fine flannel round the edges breathe on this and press it gently on a piece of the leaf which by this may be taken from the leather and carried to any part of the sizing where it will best fit and to which it will readily adhere thus the sizing may be readily covered with the leaf very little of which will be wasted Afterward the whole may be brushed over lightly with cotton or a soft brush and the superfluous gold or silver will be brushed off leaving the letters or figures entire When the work has thus remained two or three days it may be rubbed with a piece of silk which will increase its metallic lustre Note It is very essential that the varnish of the ground should be thoroughly dry that it may not be adhesive in the least degree otherwise the leaf will stick where it should not and materially injure the work When plain gilding is required for vanes balls c the leaves of gold or silver may be applied to the work directly from the book without cutting or dividing them *The Study of History in American Colleges and Universities* Herbert Baxter Adams, 1887 **An Anthropological Study of Spirits** Christine S. VanPool, Todd L. VanPool, 2023-05-28 This book discusses the cultural importance of spirits what spirits want and how humans interact with them using examples from around the world and through time Examples range from the vengeful spirits of the Zulu that cast lightning bolts from clear skies to punish wrongdoers to the benevolent Puebloan Kachina that encourage prosperity safety and rain in the arid American Southwest The case studies illustrate how humans seek to cooperate or counteract spirits to heal the physical and spiritual ailments of their people to divine the truth or to gain resources Building from their cross cultural analyses the authors further discuss

how our physiology and psychology impact our interaction with the spirits Readers will come away with an appreciation of the beauty and power of the spirits that continue to shape the lives of people around the world
