Empty Space and Points of Light Marie Herholdt Jørgensen, The book presents a study of key issues in Winterson's oeuvre The selected works include Oranges are not the Only Fruit art Lies The PowerBook and Written on the Body works that are all concerned with the self in relation to the concepts of time love gender and the body Drawing on Jungian ideas of quest and individual and Queer theory Marie Herholdt Jørgensen shows how these concepts in the works of Winterson are grounded in the prospect of numerous potential realities in which several narrations of the self are made possible Winterson disrupts the notion of one objective reality and instead centers on the individual as the narrator of various versions of reality and the self The book contains summaries of all of Winterson's novels making the book accessible for readers previously unfamiliar with Jeanette Winterson

Winterson Narrating Time and Space Mine Özyurt Kılıç, Margaret J-M Sönmez, 2009-05-27 In this book scholars students and aficionados of Jeanette Winterson will find ten analyses of time space and narrative in her works From her very first novel Jeanette Winterson has made her characters move in time and in space and she has always shown a sophisticated interest in narrative forms and this is the first book to focus entirely on these central concerns The writers of the essays provide different

perspectives on the three subjects from postmodernism to quantum physics queer theory to genre studies and the uncanny to stylistics In its section on time and narrative the volume offers a fresh approach to Winterson's works with a concentration on autobiographical elements love desire the language of quantum physics and the queer uncanny The next section space and narrative pursues the motifs of journeys utopic spaces cyberspace and labyrinths and includes a chapter on the shorter fiction The last section which comprises essays that cover all three elements of time space and narrative equally examines these themes as they affect Winterson's representation of voices and corporeality and her use of romance narrative in the children's fiction The volume covers Winterson's major fiction with the Introduction connecting the images of huts rivers and fire gazing that are found extensively in her works to the themes of time and space and bringing the discussion up to Winterson's latest novel *The Stone Gods* A mixture of established and new scholars presents in this book an exciting array of the latest ideas on this respected and popular writer *Jeanette Winterson* Susana Onega Jaén, 2006-09-05 This is the first full length study of Jeanette Winterson's complete oeuvre offering detailed analysis of her nine novels as well as addressing her non fiction and minor fictional work Susana Onega combines the study of formal issues such as narrative structure perspective and point of view with thematic analyses approached from a variety of theoretical perspectives from narratology and feminist theory to Hermetic and Kabbalistic symbolism to provide a comprehensive vertical analysis of Winterson's novels

The Oxford Encyclopedia of British Literature David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/eb1 *British Working Class women authors (born before 1962) a list* Stefan Szczelkun , 2025-06-07 A collection of Wikipedia articles edited reformatted and with additions In chronological order References and sections on non literary activity are sometimes omitted hopefully not to the point of misrepresenting the author which might include feminist or political activism To my surprise the biographical material on Wikipedia was sometimes mesmerising although it was uneven Where there were gaps I have tried to fill them from other sources Refer back to the wikipedia articles for more context and references in some cases and if you have a verified source of information please update the Wikipedia article Wikipedia is published under a creative commons licence So this compilation also carries a creative commons licence Introduction Looking through Sarah Richardson's *Writing on the Line* 1996 I was struck by how many of the working class women writers were from North

America and how many more were poets Howard Slater had made a list of British working class male novelists and I selected British woman writers from Writing on the Line and found that most of them now have Wikipedia pages I first made a list of links Wanting to take this further I first looked to focus on novels and short story writers but this category started to break up as many writers wrote in many idioms producing fact fiction poetry plays screenwriting and journalism I decided on an arbitrary cut off point of writers born before 1962 When I first made the list I was thinking how few working class women novelists had been published in this period But then the lists of books by each author started to stack up and there s plenty to read and much that I missed even really hearing about Of course it focuses on the most successful others who produced a community published autobiography or self published novel did not get a Wikipedia page and they should really be included every life counts Others only published an autobiography perhaps in the last years of life but were extraordinary writers and people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel

Intimacy and Identity in the Postmodern Novel Emilija Dimitrijevic, 2008 This book focuses on the themes of intimacy and identity in the contemporary novel and in particular in the novels of A S Byatt Angela Carter and Jeanette Winterson Not only do the specificity of the contemporary social context and a growing awareness of the relational nature of the concepts of intimacy and identity set these novels apart from earlier writing that take these issues more for granted Their very concern with the themes of intimacy and identity also sets them apart from much postmodernist or mannerist writing that chooses to cold shoulder these arguments The study draws on work by contemporary social theorists and philosophers and aims to examine issues which although central to the writing of these authors have been neglected or treated superficially in literary criticism Finally it looks into the ways in which the new approaches to the question of intimacy and identity relate and contribute to contemporary debates on the postmodern novel
