Artemis Fowl And The Lost Colony:

Artemis Fowl Eoin Colfer, 2001 *Artemis Fowl The Lost Colony* Eoin Colfer, 2008-03-11 Ten thousand years ago humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However, the time spell went wrong and the island of Hybras was catapulted into Limbo where it has remained for ten thousand years. Now the tainted time spell is deteriorating and demons are being sucked back into the present space and time. The fairy Council is naturally concerned about this and is monitoring any materializations. When the spell's deterioration accelerates, the materializations become unpredictable. Even the fairy scientists cannot figure out where the next demon will pop up. But someone can. Artemis Fowl, teenage criminal mastermind, has solved temporal equations that no normal human should be intelligent enough to understand. So when a confused and frightened demon pops up in a Sicilian theatre, Artemis Fowl is there to meet him. Unfortunately, he is not the only one. A second mysterious party has also solved the temporal equations and has managed to abduct the demon before Artemis can secure him. This is a disaster for the fairy people as this demon was no ordinary fairy. He was the last demon warlock, the one who held the key to the survival of the entire demon race. It is up to Artemis and his old comrade Captain Holly Short to track down the missing demon and rescue him before the time spell dissolves completely and the lost demon colony returns violently to Earth. *Artemis Fowl and the Lost Colony* Eoin Colfer, 2006 Ten millennia ago the fairy people were defeated in a great battle with mankind, forcing them to move underground. Only the 8th family of fairies remained undefeated, the demons. But now one demon has discovered the secrets of the fairy world. **The Lost Colony** Eoin Colfer, 2008-03-01 In this follow up to *The Opal Deception*, teenage criminal mastermind Artemis Fowl is approached by the fairy council to predict when a demon from the Eighth Family colony will materialize on Earth. Because if humans find out about the demons, then all fairies will be exposed. **Artemis Fowl: Lost Colony, The (new cover)** Eoin Colfer, 2009-08-11 Demons are beginning to materialize without warning on Earth. If humans were to capture one, all fairies would be exposed. In order to protect themselves, the fairies must decipher complicated equations to determine where the next demon will appear. Not even the brilliant Foaly can make heads or tails of the formulas, but he knows someone who can: Artemis Fowl. When a very confused demon imp appears in a Sicilian theater, Artemis is there to meet him. But he is not alone. Someone else has unlocked the secrets of the fairy world, and she is only twelve years old. Now in a race against time, a newly reformed Artemis Fowl will have to dip into his bag of dirty tricks if he is to save his fairy friends from his latest nemesis, not to mention a power-hungry demon warlord who is poised to invade our dimension with his savage army. **Lost Colony, The (Artemis Fowl, Book 5)** Eoin Colfer, 2009-08-11 Ten thousand years ago humans and fairies fought a great battle for
