Developing Standards-Based Report Cards Thomas R. Guskey, Jane M. Bailey, 2010 Providing a clear framework this volume helps school leaders align assessment and reporting practices with standards based education and develop more detailed reports of children's learning and progress *Grading the Nation's Report Card* National Research Council, Commission on Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee on the Evaluation of National and State Assessments of Educational Progress, 1999-01-23 Since the late 1960s the National Assessment of Educational Progress NAEP the nation's report card has been the only continuing measure of student achievement in key subject areas Increasingly educators and policymakers have expected NAEP to serve as a lever for education reform and many other purposes beyond its original role *Grading the Nation's Report Card* examines ways NAEP can be strengthened to provide more informative portrayals of student achievement and the school and system factors that influence it The committee offers specific recommendations and strategies for improving NAEP's effectiveness and utility including Linking achievement data to other education indicators Streamlining data collection and other aspects of its design Including students with disabilities and English language learners Revamping the process by which achievement levels are set The book explores how to improve NAEP framework documents which identify knowledge and skills to be assessed with a clearer eye toward the inferences that will be drawn from the results What should the nation expect from NAEP What should NAEP do to meet these expectations This book provides a blueprint for a new paradigm important to education policymakers professors and students as well as school administrators and teachers and education advocates **A School Leader's Guide to Standards-Based Grading** Tammy Heflebower, Jan K. Hoegh, 2014-05-30 Accurately report students academic strengths and weaknesses with standards based grading Rather than using traditional systems that incorporate nonacademic factors such as attendance and behavior learn to assess and report student performance based on prioritized standards You will discover reliable practical methods for analyzing what students have learned and gain effective strategies for offering students feedback on their progress **Assessment Essentials for Standards-Based Education** James H. McMillan, 2008-04-08 This revised edition shows educators how to integrate assessment with teaching and learning and offers new chapters that discuss a variety of assessment and grading techniques [Teaching in the Standards-based Classroom](#), 2001 Virtually every national standards document every state framework and every local set of standards calls for fundamental changes in what and how teachers teach The challenge for teachers is to implement the vision for mathematics and science classrooms called for in the standards This issue describes that vision and suggests ways to use the standards mandated in your school to improve your practice to help you teach in your standards based classroom *What We Know About Grading* Thomas R. Guskey, Susan M. Brookhart, 2019-02-04 Grading is one of the most hotly debated topics in education and grading practices themselves are largely based on tradition instinct or personal history or philosophy But to be

effective grading policies and practices must be based on trustworthy research evidence Enter this book a review of 100 plus years of grading research that presents the broadest and most comprehensive summary of research on grading and reporting available to date with clear takeaways for learning and teaching Edited by Thomas R Guskey and Susan M Brookhart this indispensable guide features thoughtful thorough dives into the research from a distinguished team of scholars geared to a broad range of stakeholders including teachers school leaders policymakers and researchers Each chapter addresses a different area of grading research and describes how the major findings in that area might be leveraged to improve grading policy and practice Ultimately Guskey and Brookhart identify four themes emerging from the research that can guide these efforts Start with clear learning goals Focus on the feedback function of grades Limit the number of grade categories and Provide multiple grades that reflect product process and progress criteria By distilling the vast body of research evidence into meaningful actionable findings and strategies this book is the jump start all stakeholders need to build a better understanding of what works and where to go from here

The National Education Report Card Act of 1990 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Education, Arts, and Humanities,1990 *The Essentials of Science, Grades 7-12* Rick Allen,2007 Learn about best practices in secondary science education from curriculum planning and ongoing assessment to student motivation and professional development for teachers **NAEP 1998 Reading Report Card for the Nation** ,1999 **The Nation's Report Card** ,2001
