This volume will be useful for scholars and researchers of cultural studies, political studies, gender studies, women's studies, sociology, diaspora studies, feminist theory, media and communication studies.

Who Do You Think You Are Emmanuel Upputuru, 2023-07-10 At the age of 33, Emmanuel Upputuru, India's hottest creative person, finds himself frustrated by physical injuries that have begun to cage his body. He embarks on a journey of self-discovery that unveils a shocking truth about his very existence: his identity was stolen from him before he ever set foot on this earth. The probe leads him to a scene of robbery and murder in a garden and to a place of skull in Jerusalem where a war was waged on his behalf by a lamb with a mission to restore his original identity. But what was Emmanuel's original identity? Are we just our bodies? How do we cope with physical pain? What are the three core fears of mankind? How can we be born again? These are some of the questions Emmanuel seeks to answer in his book *Who Do You Think You Are*. Written over a period of eighteen years using anecdotes from the advertising and cricket world, Emmanuel offers a radical take on the complex subject of Man's Identity. *Who Do You Think You Are* is an urgent book for a broken world. It can help us discover our true identity. Armed with this identity, we can respond to conflicts better and conquer ourselves even as the world around us continues to trigger, troll, fight, divorce, and threaten to nuke itself.

Food Beyond Terroir Anna Colquhoun, Katharina Graf, 2025-10-01 From winemaking in occupied territories to fishing in polluted seas, home cooking in refugee communities, and vegan cheesemaking, this collection explores the complex ways taste and place intersect with political, ecological, social, and economic issues. Through diverse ethnographic case studies, leading food scholars examine the meaning and making of place and taste. In doing so, the book challenges terroir-inspired notions of a fixed taste of place and pushes the boundaries of what we think we know about taste-place relations.
