New Books on Women and Feminism, 1996 [Irish-American Autobiography](#) James Silas Rogers, 2016 *Irish American Autobiography* opens a new window on the shifting meanings of Irishness over the twentieth century by looking at a range of works that have never before been considered as a distinct body of literature Opening with celebrity memoirs from athletes like boxer John L. Sullivan and ballplayer Connie Mack written when the Irish were eager to put their raffish origins behind them later chapters trace the many tensions often unspoken registered by Irish Americans who've told their life stories New York saloonkeepers and South Boston step dancers set themselves against the larger culture setting a pattern of being on the outside looking in Even the classic 1950s TV comedy *The Honeymooners* speaks to the urban Irish origins and the poignant sense of exclusion felt by its creator Jackie Gleason Catholicism so key to the identity of earlier generations of Irish Americans has also evolved One chapter looks at the painful diffidence of priest autobiographers and others reveal how traditional Irish Catholic ideas of the guardian angel and pilgrimage have evolved and stayed potent down to our own time *Irish American Autobiography* becomes in the end a story of a continued search for connection documenting an ethnic fade that never quite happened
