children safely enjoy hands on experience with life in an estuary Selecting resources to teach elementary school science can
be confusing and difficult but few decisions have greater impact on the effectiveness of science teaching Educators will find a
wealth of information and expert guidance to meet this need in *Resources for Teaching Elementary School Science* A
completely revised edition of the best selling resource guide *Science for Children Resources for Teachers* this new book is an
annotated guide to hands on inquiry centered curriculum materials and sources of help in teaching science from
kindergarten through sixth grade Companion volumes for middle and high school are planned The guide annotates about 350
curriculum packages describing the activities involved and what students learn Each annotation lists recommended grade
levels accompanying materials and kits or suggested equipment and ordering information These 400 entries were reviewed
by both educators and scientists to ensure that they are accurate and current and offer students the opportunity to Ask
questions and find their own answers Experiment productively Develop patience persistence and confidence in their own
ability to solve real problems The entries in the curriculum section are grouped by scientific area Life Science Earth Science
Physical Science and Multidisciplinary and Applied Science and by type core materials supplementary materials and science
activity books Additionally a section of references for teachers provides annotated listings of books about science and
teaching directories and guides to science trade books and magazines that will help teachers enhance their students science
education *Resources for Teaching Elementary School Science* also lists by region and state about 600 science centers
museums and zoos where teachers can take students for interactive science experiences Annotations highlight almost 300
facilities that make significant efforts to help teachers Another section describes more than 100 organizations from which
teachers can obtain more resources And a section on publishers and suppliers give names and addresses of sources for
materials The guide will be invaluable to teachers principals administrators teacher trainers science curriculum specialists
and advocates of hands on science teaching and it will be of interest to parent teacher organizations and parents Current
