The Genesis of Germs Alan Gillen, 2007-01-01 As the world waits in fear the CDC and world health organizations race to minimize the current pandemic a looming threat that has forced international federal and local governments to deal with COVID19 and other future epidemics and the widespread death and devastation which would follow Will the world find the answers in time Or will we see a deadly threat ravage populations as others have before in 1918 with influenza in the late 18th century with yellow fever or the horrific black death or bubonic plague in 1347 AD Are these viruses examples of evolution Did God make microbes by mistake Are they accidents of evolution out of the primordial soup These timely questions are examined throughout this book from chapter 1 It seems that a new and more terrible disease is touted on the news almost daily The spread of these scary diseases from avian flu to SARS to AIDS is a cause for concern and leads to questions such as Where did all these germs come from How do they fit into a biblical world view What kind of function did these microbes have before the Fall Does antibiotic resistance in bacteria prove evolution How can something so small have such a huge deadly impact on the world around us Professor Alan Gillen sheds light on these and many other questions in this revealing and detailed book He shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view Dr Gillen shows how germs are symptomatic of the literal Fall and Curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ

The Conflict of the Ages Teacher Edition I The Scientific History of Origins Michael J. Findley, Mary C. Findley, Teacher Edition includes complete student text review questions vocabulary and answer keys The Conflict of the Ages is a Multi Part exploration of History Science and ancient Literature This first installment covers the concepts of God time Creation physics cosmology and specifics about each day of Creation We make comparisons with ancient sources to see where they agree with the Scriptural account We reference classic and modern scientific views exposing errors preconceptions presuppositions and falsehoods taught as fact by the mainstream scientific community God is the first witness and the Bible the first eyewitness account of beginnings and origins Other ancient documents contain at least some truths and parallel accounts

Already Gone Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned from America's Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church Already Gone reveals Why America's churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the

epidemic rather than helping alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way

Creationism and Anti-Creationism in the United States Tom Kaden, 2018-09-20 This book deals with professional creationist and anti creationist organizations in America and describes how the conflict between science and religion is the result of the interaction between these two groups It retraces their history from the 1960s onwards and identifies crucial turning points that led to new forms of creationism and anti creationism It explains their strategies labels and arguments as effects of this history and structure Taking a field theoretical approach the book avoids problems of prior creationism research making it possible to identify the mechanisms through which creationism generates new strategies arguments and media output The field model is used as an interpretive tool to make sense of some of the most important creationist and anti creationist publications and media statements

The Conflict of the Ages Student Edition III They Deliberately Forgot Michael J. Findley, Mary C. Findley, The worldwide Flood is one of the most discounted records in the Scriptures Yet it is supported around the world by historical accounts Take a look at feasibility studies on the safety and the stocking of the Ark The Geologic Column ought to prove that fossils reveal the age of the earth They show progression from simple to complex organisms over millions of years But do they Take a look at living fossils Meet the extinct creature found only in the oldest layers but more complex than later life forms Consider the real conditions that surrounded the Flood and the Ice Age

Already Compromised Dr. Greg Hall, Steve Ham, Todd Hillard, 2011-05-01 Will a Christian college build a student's faith or tear it down Parents and students sacrifice large sums of money for a Christian college education Why They are purchasing a guarantee their child's faith in God and the Bible will be guarded and developed But is the Bible being taught Will they graduate believing in the inerrancy of Scripture the Flood of Noah's Day and a literal six day creation Apologetics powerhouse Ken Ham and Dr Greg Hall reveal an eye opening assessment of 200 Christian colleges and universities In an

unprecedented 2010 study by America Research Group college presidents religion and science department heads were polled on critical areas of Scripture and core faith questions Ken Ham is an accomplished author of some of the most popular and effective apologetics research on the market He is the founder of Answers in Genesis U S and the president of the Creation Museum I have no doubt that the average church member would be shocked and outraged to discover how many supposedly evangelical colleges and universities have more or less given up their commitment to biblical inerrancy and the authority of Scripture especially when dealing with the early chapters of Genesis I m grateful for this important work by Ken Ham and Greg Hall documenting the many compromises that have ravaged the Christian academy Already Compromised is a much needed wake up call and a summons to arms for faithful courageous Bible believers We need to stand up declare our faith and defend the truth of Scripture courageously The stakes are high and the battle may be more fierce than ever but God will bless those who honor His Word May He bless us with clear unwavering voices John MacArthur

The Heresy of Ham, Revised Edition Joel Edmund Anderson, 2024-11-07 One of the most controversial issues in our society today especially within Evangelicalism is that of the creation evolution debate Over the past few decades Fundamentalist apologists like Ken Ham of the young earth creationist organization Answers in Genesis

have made a career convincing people that the age of the Earth and the historicity of Genesis 1:1 are not just bedrock fundamental tenets of the Christian faith but are also crucial fronts in the culture war. In *The Heresy of Ham*, Joel Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless Christian communities. He should know he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism. Anderson's ultimate message is simple: regardless of your position regarding evolution or the interpretation of Genesis 1:1, they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war. If you have always had questions about the creation/evolution debate, the claims of YECism and the way Genesis 1:1 should be interpreted, *The Heresy of Ham* is a tremendous resource for anyone struggling coming to grips with these issues.

Tower of Babel Bodie Hodge, 2013 *The Tower of Babel: The Cultural History of Our Ancestors* reveals our shared ancestry as never before. Many are familiar with the Biblical account of Babel, but after the dispersal, there was a void beyond Biblical history until empires like Rome and Greece arose. Now discover the truth of these people groups and their civilizations that spread across the earth and trace their roots back to Babel, as well as to the sons and grandsons of Noah. Many of today's scholars write off what occurred at the Tower of Babel as mythology and deny that it was a historical event. Beginning with the Biblical accounts, author Bodie Hodge researched ancient texts, critical clues, and rare historic records to help solve the mystery of what became of the failed builders of Babel. For the purpose of defending the Bible, Hodge presents these and other vital historical facts surrounding this much-debated event. Teens and older can use this layman's reference for Biblical classes, ancient history, apologetics training, and to realize their own cultural connection to the Bible.

How Do We Know the Bible Is True Volume 2 Ken Ham, Bodie Hodge, 2013-01-04 Unless otherwise noted, Scripture quotations are from the New King James Version of the Bible. *T p verso* *Foolish Faith* Judah Etinger, 2003-06-01 Everywhere one looks, tolerance of all world views is championed, all world views except those set forth in the Bible. Judah Etinger has the singular ability to present truth in ways that speak to the hearts of both seekers and those who will say they are not seeking God or religion or truth. In *Foolish Faith*, the author sheds light on the various world religions, philosophies, and evidences. His helpful, readable style helps seekers see a clear path to the answer to it all. Find the answers to the following questions within this book: Which of the world's religions is the correct one? Which is right: creation or evolution? Does the Bible support or contradict science? Does the Bible contradict itself? Is the Bible a reliable historical document? Did Christ really rise from the dead?

The Ultimate Proof of Creation Jason Lisle, 2009 IN THE ULTIMATE PROOF OF CREATION, DR JASON LISLE USES LOGIC, REASON, AND EVIDENCE TO LAY THE DEBATE TO REST BY EXAMINING THE PRESUPPOSITIONS OF THESE POSITIONS. DR LISLE PRESENTS A FRESH AND POWERFUL NEW APPROACH FOR UNDERSTANDING THE ISSUES.

The End of the Law? David W. Opderbeck, 2021-08-12 Does neuroscience show that all our ideas about law and ethics are false? David Opderbeck answers this question with a broad and

deep survey of the relationship between theology science and ethics He proposes that Christian theology which narrates the humanity and divinity of Christ in conversation with the new Aristotelianism in the philosophy of science provides a path through secular and religious fundamentalisms alike

Begin Ken Ham, Bodie Hodge, 2011-07-01 Begin is a journey through the Scriptures designed to help someone simply understand the structure and context of the Bible Ken Ham and Bodie Hodge compiled this critical resource which brings to light often difficult concepts through easy to understand commentary Readers will enjoy a quick and concise presentation of the following core concepts with a brief summary of events and history in between Genesis 1 11 The Foundation Exodus 20 1 17 The 10 Commandments John The Gospel Romans An Epistle from Paul to the Christians and Revelation 21 22 The Fulfillment in Heaven New believers seekers and even skeptics can use Begin as a first step to building a consistent study of God s Word It is not intended to replace the Bible but to serve as a supplemental resource Pastors and teachers will find this book helpful when leading congregants and students into a greater understanding and focus on the infallible message of God

Discerning Truth Dr. Jason Lisle, 2010-08-01 Every day Christians are faced with an increasing onslaught of criticism from evolutionists for their belief in God and His glorious creation What do you say when your faith is challenged by those claiming to speak in the name of science or reason Discerning Truth provides a practical and engaging resource on the use of logic in this critical debate Filled with anecdotes from both creative examples and real life illustrations that help clarify logical issues in apologetics Become skilled at distinguishing sound arguments from emotionally charged rhetoric Helps any believer refute evolutionary perspectives Lisle believes that creationists need to be able to recognize and refute evolutionist arguments and to do so in a way that both honors God and lines up with the truth of His Word Eph 5 1 The role of logic the study of correct reasoning is becoming a vanishing skill in our society Yet it is a vital tool in assisting Christians in assessing the weaknesses in evolutionary thought Here is the clear and concise guide for every believer in defending your faith in the face of adversity

New Astronomy Book Danny R. Faulkner, 2014-09-01 The universe is an amazing declaration of the glory and power of God Beautiful and breathtaking in its scale the vast expanse of the universe is one that we struggle to study understand or even comprehend in terms of its purpose and size Now take an incredible look at the mysteries and marvels of space in The New Astronomy Book Discover the best ways to observe the heavens along with up to date astronomical data and concepts Learn about the dynamics of planets stars galaxies and models for the cosmology of the universe What we know and are still trying to discover about planets moons and comets within our own solar system If you watch the stars at night you will see how they change This speaks to the enormity and intricacy of design in the universe While the stars appear timeless they instead reflect an all powerful Creator who speaks of them in the Bible Many ancient pagan cultures taught that the changing stars caused the seasons to change but unlike these pagan teachings the Book of Job gives credit to God for both changing stars and seasons Job 38 31 33 When Job looked at Orion he saw about what we see today even though he may have lived as much as 4 000
