Icons of Evolution Jonathan Wells,2002-01-01 Everything you were taught about evolution is wrong **How to Answer a Skeptic** Sandy Van Heest,2025-10-29 Apologetics is a branch of theology devoted to the defense of the divine origin and authority of Christianity against objections It refers to a reasoned defense that would be given in a court of law The purpose of this study is to look at what the skeptics are saying about the authority of the Bible Peter told us to give an answer We have an answer to give Our faith is not blind faith but a belief system based upon all the evidences that God has set out for us Why is this important Skeptics must be answered and the Christian faith defended so that people s faith won t fade If we can t trust the written Word of God how can we trust that the Gospel message is true We have to understand sin and the need for a Savior before we will be able to accept it The Bible is God s Word to His people If it can t be trusted to be completely accurate in historical evidence that we can prove then it can t be trusted to be accurate in spiritual matters that we can t prove Skeptics spread their cynicism poison through the media internet and books Immature Christians are easily persuaded by these arguments if they don t get an answer that rings true What about Evolution? April Maskiewicz Cordero,Douglas Estes,Telford Work,2022-06-29 It can be a shock in our culture for a Christian to encounter evolutionary biology and conversely for a Darwinian to encounter biblical Christianity Can a devout Christian with a high view of scripture accept scientific views of evolution Some proponents of biblical Christianity or Darwinian evolution are quick to claim their incompatibility However as strong believers in both Christ and the sciences we find more harmony than friction between them If you or someone you care about sees a tension between evolution and Christian faith we want to help you understand their interaction This book written by a biologist a pastor biblical scholar and a theologian addresses questions from the gifts of each of their disciplines We acknowledge the insights and authority of the Bible explain the science of evolution explore their mutual relevance and argue that holding the two together deepens our understanding of the world and its creator
