Understanding the best way to utilize games and play in an educational setting is imperative for effectual learning in the twenty-first century. **Gamification: Concepts, Methodologies, Tools, and Applications** investigates the use of games in education both inside and outside of the classroom and how this field, once thought to be detrimental to student learning, can be used to augment more formal models. This four-volume reference work is a premier source for educators, administrators, software designers, and all stakeholders in all levels of education. *Educators Guide to Free Internet Resources* Educators Progress Service, 2005-04 To provide our customers with a better understanding of each title in our database, we ask that you take the time to fill out all details that apply to each of your titles. Where the information sheet asks for the annotation, we ask that you provide us with a brief synopsis of the book. This information can be the same as what may appear on your back cover or an entirely different summary if you so desire. **Writing to Explore** David Somoza, Peter Lourie, 2010 In *Writing to Explore*, David and Peter demonstrate how to teach adventure writing, which integrates nonfiction and fiction and motivates students to write with imagination, curiosity, and a hunger to learn everything about their topic. The book starts with a solid foundation in the basics of good writing: setting descriptions, writing atmosphere, and character development. The authors then explore the specific elements of adventure writing, from setting the stage to conducting research, from combining history and geography to effectively utilizing technology. The result is an adventure-based paper that is rooted in real places, supported by facts, and developed with detailed descriptions of images from real locations. Teachers will find handouts, sample activities, student writing examples, research sources, and tips to help them create a nonfiction writing program based around the adventure writing model. Research papers don't have to be boring to read or to write. This book will show you how to get vibrant papers from your students' papers that teach both reader and writer something new. **Integrating Technology in the Classroom**, 1999 **Handbook of Research on Hybrid Learning Models: Advanced Tools, Technologies, and Applications** Wang, Fu Lee, Fong, Joseph, Kwan, Reggie, 2009-12-31 This book focuses on Hybrid Learning as a way to compensate for the shortcomings of traditional face-to-face teaching, distance learning, and technology-mediated learning.
