

Writing an Art History Paper

By Maureen Gandy '12

Writing about art is based on the same analytical principles used for literature or history, but it requires a different approach and different observational skills. In an art history paper, we must employ a visual vocabulary and translate our visual impressions into a concrete verbal articulation. While this kind of writing can take many forms, the ultimate goals of any art history paper should be to explain the relationship between the technical form of a work and its impression on the viewer and to articulate how the visual elements work together to convey an overall effect.

There are several basic ways to write about art:

I. Formal Analysis:

A formal analysis is the fundamental form of writing about art and often the first taught in any introductory art history course. In a strict formal analysis, no other information is required besides that which you can see, and while some knowledge of the subject matter helps, your focus should be on the visual elements of a work. A formal analysis focuses on aspects like line, color, composition, and style, and describes the effect of these artistic decisions on the viewer. While any formal analysis must employ a good deal of description, it is important to remember that even a pure formal analysis must always be thesis-driven and each point should tie back to the overall interpretation of the work.

Example of a short formal analysis:

In Raphael's *Marriage of the Virgin*, the artist uses one point perspective, balanced composition, and vibrant primary colors to convey a sense of stability and order, thus representing the Christian narrative in the idealized, harmonious aesthetics of the Renaissance. In the foreground, a man and woman stand on either side of a central figure; their adjoining hands creating a focal point which extends back to the doorway in the horizon line. The orthogonal lines created by the tiled pavement move the viewer's eye along the same central path and emphasize the perfect perspective of the scene. The deep tones of yellow and green in the central man's clothing complement the red and blue in the woman's, and form the palette for the rest of the artwork; a simple, pure combination of colors that contributes to the sense of order. The almost perfect symmetry of the scene, as well as the relatively empty middle ground, underscores both the spiritual theme and the aesthetic values of the time.

Note how the writer balances description of the work, using a vocabulary based on knowledge of artistic techniques and visual elements, with analysis of their effect on the viewer. The thesis (in bold) provides a framework for the rest of the paragraph and acts as the driving force behind the descriptive observations.

The example above merely demonstrates the type of writing typically employed in a formal analysis and is therefore shorter and less thorough than most visual analyses. Also

Art History Research Paper:

Methods and Theories of Art History Anne D'Alleva, 2005 This is an analysis of complex forms of art history It covers a broad range of approaches presenting individual arguments controversies and divergent perspectives The book begins by introducing the concept of theory and explains why it is important to the practice of art history

George A. Kubler and the Shape of Art History Thomas F. Reese, 2023-04-04 An illuminating intellectual biography of a pioneering and singular figure in American art history Art historian George A Kubler 1912 1996 was a foundational scholar of ancient American art and archaeology as well as Spanish and Portuguese architecture During over five decades at Yale University he published seventeen books that included innovative monographs major works of synthesis and an influential theoretical treatise In this biography Thomas F Reese analyzes the early formation broad career and writings of Kubler casting nuanced light on the origins and development of his thinking Notable in Reese s discussion and contextualization of Kubler s writings is a revealing history and analysis of his *Shape of Time* a book so influential to students scholars artists and curious readers in multiple disciplines that it has been continuously in print since 1962 Reese reveals how pivotal its ideas were in Kubler s own thinking rather than focusing on problems of form as an ordering principle he increasingly came to sequence works by how they communicate meaning The author demonstrates how Kubler who professed to have little interest in theory devoted himself to the craft of art history discovering and charting the rules that guided the propagation of structure and significance through time

The Art Museum as Educator Council on Museums and Education in the Visual Arts, Barbara Y. Newsom, Adele Z. Silver, 1978

Historic Avant-Garde Work on Paper Sascha Bru, 2024-03-13 This book examines the many functions of paper in the fine art and aesthetics of the early twentieth century modernist or historic avant garde Expressionism Cubism Futurism Dadaism Surrealism Constructivism and many more With its many collages and photomontages the historic avant garde is generally considered to have transformed paper from a mere support into an artistic medium and to have assisted in art on paper gaining a firm autonomy Bringing together an international team of scholars this book shows that the story of paper in the avant garde has thereby hardly been told The first section looks at a selection of canonized individual avant gardists work on paper to demonstrate that the material and formal analysis of paper in the avant garde s artistic production still holds much in store In the second section chapters zoom in on forms and formats of collective artistic production that deployed paper to move around reproductions of fine art works to facilitate the dialogue between avant gardists to better promote their work among patrons and to make their work available to a wider audience Chapters in the third section lay bare how certain groups within the avant garde began to massively create monochrome works because these could be easily reproduced when transferred to or reproduced as linocuts In the last section of the book chapters explore how the avant garde s attentiveness to paper almost always also implied a critique of the ways in which paper and all that it stood for was treated and labored in European culture and society more broadly The book will be of

Entangled Art Histories in Ukraine Stefaniia Demchuk, Illia Levchenko, 2024-11-29 This book explores ideologies conflicts and ideas that underpinned art historical writing in Ukraine in the 20th century Disciplinary beginnings testify both to its deep connection to Krakow Saint Petersburg and especially Vienna with its school of art history and originality of theoretical thought Art history started as another imperial project in Ukraine but ultimately transformed into the means of assertion of national identity The volume looks closely at the continuity and ruptures in scholarship caused by the establishment of Soviet power and challenges a number of existing stereotypes like total isolation under Communist rule and strict adherence to a Marxist Leninist methodology It showcases intellectual exchanges through published work personal contacts and ways to resist the politically enforced methodology Despite keeping the focus on one country it contributes to understanding the development of art history as an academic discipline in Europe more generally It also uncovers unknown or little researched personal and academic connections between art historians from Ukraine and their peers abroad Starting with the 19th century quest for the method and proceeding by disentangling the complexities of the 20th century the authors move on to the specifics of historiography after the formal collapse of the USSR The volume transgresses purely academic boundaries and tackles the development of the discourse in periodicals exhibition spaces and public discussions Thus the findings will be pertinent to all interested in politics art history museum studies intellectual history historiography and Eastern European studies Social Informatics Akiyo Nadamoto, Adam Jatowt, Adam Wierzbicki, Jochen L.

Leidner, 2014-04-15 This book constitutes the refereed post proceedings of two workshops held at the 5th International Conference on Social Informatics SocInfo 2013 in Kyoto Japan in November 2013 the First Workshop on Quality Motivation and Coordination of Open Collaboration QMC 2013 and the First International Workshop on Histoinformatics HISTOINFORMATICS 2013 The 11 revised papers presented at the workshops were carefully reviewed and selected from numerous submissions They cover specific areas of social informatics The QMC 2013 workshop attracted papers on new

algorithms and methods to improve the quality or to increase the motivation of open collaboration to reduce the cost of financial motivation or to decrease the time needed to finish collaborative tasks The papers presented at HISTOINFORMATICS 2013 aim at improving the interaction between computer science and historical science towards fostering a new research direction of computational history The Last Pavilion Arts Council Korea,2024-04-18 This archival publication was launched in conjunction with Every Island is a Mountain a special exhibition commemorating the 30th anniversary of the Korean Pavilion at the Venice Biennale **Abstracts of Papers Delivered in Art History Sessions** College Art Association of America. Meeting,1981 *Advances in Databases and Information Systems* Albertas Caplinskas,Johann Eder,2003-06-30 This book constitutes the refereed proceedings of the 5th East European Conference on Advances in Databases and Information Systems ADBIS 2001 held in Vilnius Lithuania in September 2001 The 25 revised full papers presented together with one invited paper and two abstracts of invited talks were carefully reviewed and selected from 82 submissions The papers are organized in topical sections on query optimization multimedia and multilingual information systems spatiotemporal aspects of databases data mining transaction processing conceptual modeling and information systems specification active databases query methods XML and information systems design

Eventually, you will totally discover a supplementary experience and talent by spending more cash. still when? get you allow that you require to acquire those all needs when having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more as regards the globe, experience, some places, past history, amusement, and a lot more?

It is your definitely own times to function reviewing habit. among guides you could enjoy now is **Art History Research Paper** below.
