Arthur Janov Mal Healing:

The Primal Scream: Primal Therapy: The Cure for Neurosis Arthur Janov, 1970 **Insane Therapy** Marybeth Ayella, 1998-04-06 Sensational media coverage of groups like Heaven's Gate the People's Temple and Synanon is tinged with the suggestion that only crazy lonely or gullible people join cults Cults attract people on the fringe of society people already on the edge Contrary to this public perception Marybeth Ayella reveals how anyone seeking personal change in an intense community setting is susceptible to the lure of group influence The book begins with the candid story of how one keen skeptic was recruited by Moonies in the 1970s the author herself Ayella's personal experience fueled her interest in studying the cult phenomenon This book focuses on her analysis of one community in southern California The Center for Feeling Therapy which opened in 1971 as an offshoot of Arthur Janov's Primal Scream approach The group attracted mostly middle class college educated clients interested in change through intense sessions led by licensed therapists At the time of the Center's collapse in 1980 there were three hundred individuals living in the therapeutic community and another six hundred outpatients Through interviews with twenty one former patients the author develops a picture of the positive changes they sought the pressures of group living and the allegations of abuse against therapists Many patients contended that they were beaten made to strip before the group and to engage in forced sex forced to have abortions and give up children and coerced to donate money and to work in business affiliated with the Center The close of the Center brought yet more trauma to the patients as they struggled to readjust to mainstream life Ayella recounts the stories of these individuals again and again returning to the question of how personal identity is formed and the power of social influences This book is a key to understanding how normal people wind up in cults **Why You Get Sick and how You Get Well** Arthur Janov, 1996 With chapters on sex suicide manic depression anxiety migraines immune disease and general neurotic behavior this book explains the causes and cures for many common maladies such as insomnia high blood pressure headaches nightmares and more A culmination of ten years of clinical research and writing Why You Get Sick How You Get Well is the most advanced of any work in the field of psychotherapy in this century **The Journal of Primal Therapy**, 1978 Contemporary Authors Hal May, 1986-02 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R Authors in this volume include Quentin Crisp Marcel Duchamp Monty Python **Book World**, 1970 *In an Unspoken Voice* Peter A. Levine, Ph.D., 2012-10-30 Unraveling trauma in the body brain and mind a revolution in treatment Now in 17 languages In this culmination of his life's work Peter A Levine draws on his broad experience as a clinician a student of comparative brain research a stress scientist and a keen observer of the naturalistic animal world to explain the nature and transformation of trauma in the body brain and psyche In an Unspoken Voice is based on the idea that trauma is neither a disease nor a disorder but rather an injury caused by fright helplessness and loss that can be healed by engaging our innate capacity to self regulate high states of arousal and intense emotions Enriched with a

coherent theoretical framework and compelling case examples the book elegantly blends the latest findings in biology neuroscience and body oriented psychotherapy to show that when we bring together animal instinct and reason we can become more whole human beings *Readings in Personality and Adjustment* Thomas J. Cottle, Phillip Whitten, 1978
