Artificial Evolution Big Sigma Book 3:

Artificial Evolution Joseph R. Lallo, 2014-12-18 *Artificial Evolution* is the third book in the Big Sigma series building upon the story and characters introduced by *Bypass Gemini* and *Unstable Prototypes*. Lex Michella and Squee are once again joined by the mercenaries Silo and Garotte. Along the way they'll need plenty of help from mad engineer Karter Dee and his AI Ma. After butting heads with the megacorporation known as VectorCorp it was only a matter of time before Lex Alexander and his girlfriend Michella Modane would face the consequences. It is remarkable what a single corporate agent with the resources of a multi global conglomerate can do to a person's career. In the space of a few days Lex is looking for work and Michella is feeling pressure from the network to ease off the hard hitting stories. Not one to be silenced Michella quickly hatches a plan to continue her investigations under the guise of a fluff story about a so called extraterrestrial and who better to be her personal driver than Lex. Meanwhile mercenaries Silo and Garotte are still nipping at the heels of the terrorist group known as the Neo Luddites. Rumors of an attempt to secure a devastating weapon bring the pair to a forgotten little planet in an undeveloped corner of the galaxy. Circumstances require that local authorities lay claim to the terrorists apparent target but what sort of threat could one gangly collection of anatomical curiosities pose to the galaxy. The answer to that question will put our heroes to the test and leave a whole world hanging in the balance. **The Battle of Verril** Joseph R. Lallo, 2011-03-05 In this the finale of the Book of Deacon Trilogy Myranda and the Chosen face their greatest challenges yet. Time is running out and the Generals are growing desperate. Through victory and defeat reunion and betrayal neither the heroes nor their foes will rest until they have seen their task through to the end. The only question is will it be the end of a war or the end of times.

Rogue Derelict Joseph R. Lallo, 2018-10-17 *Rogue Derelict* is pulse pounding side story set in the universe of Lindsay Buroker's *Fallen Empire* Series. In the chaos following the fall of the empire Benita Castor wants nothing more than to live a nice quiet life. She thought she made all the right decisions. What could be safer than becoming an accountant. Where could she be more secure than the industrial fringe of the empire's most civilized planet. Yet somehow she finds herself in the employ of a crime boss and is shipped off to audit a recent acquisition in a forgotten corner of the system. Her new assignment is an old Kirian space station being developed by Nori Veshcha an enterprising woman with big plans for the relic. Nori is overflowing with ambition innovative ideas and confidence though her crew leaves something to be desired. Her chief technician Blick Mathson is a man more familiar with collecting debts than repairing ships. The only other crew member her personal valet Lefty Hammermill is a dim witted but well meaning grunt with secondhand cybernetics. Not much of a workforce to tackle the task of converting a centuries old hunk of junk into a cutting edge resort but Nori is nothing if not determined. At first the assignment has the makings of an unpleasant but uneventful enterprise even if Nori is somewhat overly cool. Blick is a bit overly warm and Lefty is just overly Lefty. When a second relic of a bygone era makes an unscheduled arrival and its crew assumes Benita is their Kirian commander she and the others realize the echoes of the past.

could have grave consequences for their future Can a mismatched skeleton crew on a malfunctioning space station rise to the challenge or will a remnant of history remind the system that some threats aren't gone they're simply forgotten **The Rise of the Red Shadow** Joseph R. Lallo, 2013-07-30 Every story must begin somewhere For the warrior who would come to be known as the fearsome Red Shadow the story began in a forgotten glade deep in the land of Tressor It was there that a pair of trackers eager to retrieve a lost slave instead found an orphaned malthrope Had it been a human it might have been treated with compassion but in the eyes of human society a malthrope was a monster a mix of fox and man believed to be a murderer and thief by its very nature The beast was to be sold for a handful of silver but fate intervened in the form of an old blind slave named Ben Under the learned hand of the one human who believed in his potential the young malthrope would instead be given the wisdom to take his first steps on the long journey to his destiny The Rise of the Red Shadow chronicles the early life of one of the most mysterious figures of the The Book of Deacon trilogy the creature called Lain It tells of his years working and learning on a Tresson plantation until a dark day of vengeance and bloodshed finally set him free From there you will follow as he finds his place in the world learning what it is to be a malthrope and turning to the purpose that will guide him for the rest of his days It is a story of love hate and lessons hard learned revealing the painful choices one must make to become the hero the world needs **Galactic Empires** M. (author),2018-09-12 The Adventures of Rustle and Eddy is a standalone deep sea adventure in the Book of Deacon setting A little curiosity can be a dangerous thing Rustle should have been content in his little pond hidden away from the world where hopefully nothing exciting would ever happen But the sea was so near with all of its mysteries and secrets He couldn t help but sneak away from time to time and gaze upon the surface wondering what lay beneath Little did he know that on this fateful day there was something equally curious staring back Eddy was a merman Just

as mermaids were blessed with the ability to travel to the surface he was blessed with the ability to travel to the depths Together all of the sea was theirs to explore but it seemed only the maids ever found something exciting A few words of magic and an awful lot of optimism brought him to the surface in search of adventure To his delight he found Rustle Together to the fairy s woe and the merman s delight they soon find themselves on the adventure of their lives But now that fate has turned its eyes to them can they survive what it has in store
