Introduction

Many of our funding programmes require you to complete an activity report after your activity has finished. **Please read this form straight away – you may need to collect information (or “evidence”) throughout your project.** Examples of this information include venue addresses, postcodes and attendance figures. Please refer to your original application, and any changes you agreed with us, when you complete this activity report form.

Your activity report tells us:

- what happened both during and as after your project
- your final income and expenditure figures
- what you learned by doing this activity
- what you thought about us

We will process the information you give us by computer and we may use it for statistical purposes. This tells us about the overall effect of our grants, and the effectiveness of our services and grants administration.

We want to build up our knowledge of your work and it is not always possible to see or experience it firsthand. As a result you may want to send us supporting evidence relating to your activity with your completed activity report. Please do not send originals, as we will not return them to you.

This is a generic form and may contain some questions that are not relevant to your activity. If you applied online, you should complete your activity report online. Please phone our Enquiries team on 0345 300 6000 if you need any help with this.

christened it the people's Lottery and handed it to the mythical stewardship of the Everyman. But when the proceeds began to be distributed to worthy causes including the British film industry this populist rhetoric came under increasing strain. If Lottery funding is used to produce the type of British films which the public want to see such as romantic comedies then many question whether the market deserves such subsidy. Short films and low budget experimental cinema which often require state support tend to go unwatched by large swathes of the Lottery ticket buying public. This book explores the debates which were sparked by the arrival of the people's pictures and places them in historical context by examining their many precedents. Is public patronage a boon or a burden for filmmakers? And how do institutional cultures or political buzzwords affect the finished films? Case studies include the popular hits *Billy Elliot* 2000 and *Shooting Fish* 1997, art house releases such as *Love Is The Devil* 1998 and *Gallivant* 1997, short films by Lynne Ramsey and David MacKenzie and artists' film and video work by Bill Viola and Tracey Emin. **Arts Council of Great Britain Annual Report and Accounts**, 1998
