Arts Entertainments A Novel:

A Successful Novel Must Be in Want of a Sequel M. Carmen Gomez-Galisteo, 2018-04-13 What happened after Mr Darcy married Elizabeth Bennet in *Pride and Prejudice* Where did Heathcliff go when he disappeared in *Wuthering Heights* What social ostracism would Hester Prynne of *The Scarlet Letter* have faced in 20th century America Great novels often leave behind great questions and sequels seek to answer them This critical analysis offers fresh insights into the sequels to seven literary classics including Jane Austen's *Sense and Sensibility* the Bronte sisters *Jane Eyre* Louisa May Alcott's *Little Women* and Daphne du Maurier's *Rebecca* Story of King David David M. Gunn, 1978-08-01 Gunn sets out his aim in this book to foster a fresh understanding of the narrative about David in 2 Samuel and 1 Kings commonly known as the Succession Narrative by arguing for its fuller appreciation of its nature as a story Gunn reviews the different hypotheses on the genre of the so called Court History Succession Narrative and concludes that the purpose of this story is to entertain The work is to be considered primarily artistic and literary and the rhetorical devices in the story are reliant on traditional motifs and devices

Art in Contemporary Anglo-American Fiction Sofie Behluli, 2025-05-30 This book addresses the recent surge of Anglo American novels about visual art since the 2010s and interprets it as a coming of age of an old literary sub genre which is here termed as the ekphrastic novel These novels are distinguished by their systematic use of ekphrasis which creatively and critically negotiates the intertwined aesthetics of literature and visual art By addressing the challenge of representing visual images such as photographs paintings and art installations with words these novels reveal a greater interest in exploring how and why we engage with art rather than merely depicting the art itself In this way ekphrastic novels present themselves as powerful practitioners and critics of contemporary image making The book focuses on four aspects emerging from ekphrastic passages value form affect and scale to explore critical questions posed by contemporary ekphrastic novels Who has the power to assign value today and at what cost Which social political historical cultural and ethical dimensions are obscured by certain forms and how can ekphrasis re introduce these aspects into public discourse What affects do images and artworks elicit and how do they reinforce or challenge existing value systems How can narrative scale uncover potential injustices in the interplay between life and art Moreover what insights do ekphrastic novels offer into contemporary reading habits and strategies By tracing a literary tradition from nineteenth century to contemporary fiction and offering detailed close readings of several critically acclaimed and widely read contemporary novels this book delves into the theoretical and practical intersections of ekphrasis and the novel

Hannah Moss, Joe Bray, 2024-05-31 Jane Austen was a keen consumer of the arts throughout her lifetime The Edinburgh Companion to Jane Austen and the Arts considers how Austen represents the arts in her writing from her juvenilia to her mature novels The thirty three original chapters in this Companion cover the full range of Austen's engagement with the arts including the silhouette and the caricature crafts theatre fashion music and dance together with the artistic potential of both interior and exterior spaces This volume also explores her artistic afterlives in creative re imaginings across different media including adaptations and transpositions in film television theatre digital platforms and games **Novel Images** Peter Reynolds, 2013-07-18 Written specifically with the student in mind and focusing on a number of well known texts including Les Liaisons Dangereuses Nicholas Nickleby Nice Work and The Color Purple the contributions in this book demonstrate how we can look critically at literary adaptations and learn to distinguish between mythical images and the reality of the process that constructed them They argue that adaptations should not be seen as secondary or marginal because through them we can enter into an exciting debate with the literary text itself Originally published in 1993 **Journal** New South Wales. Parliament. Legislative Council, 1882 Representing (Post)Human Enhancement Technologies in Twenty-First Century US Fiction Carmen Laguarda-Bueno, 2022-10-07 This work studies three twenty first century novels by Richard Powers Dave Eggers and Don DeLillo as representative of a new trend of US fiction concerned with the topic of the technological augmentation of the human condition The different chapters provide from the double perspective of the optimistic transhumanist philosophy and the more balanced approach of critical posthumanism an overview of the narrative strategies used by the writers to explore the possibilities that biotechnology digital technologies and cryonics open up to transcend our human limitations while also warning their readers of their most nefarious consequences Ultimately the book puts forward the claim that even if the writers approach the subject from a variety of perspectives and using different narrative styles and techniques they all share a critical posthumanist fear that an unrestrained and unquestioned use of technology for enhancement purposes may bring about disembodiment and dehumanization **The Oxford Handbook of Arab Novelistic Traditions** Wail S.
