Separating Information Maximum Likelihood Method for High-Frequency Financial Data Naoto Kunitomo, Seisho Sato, Daisuke Kurisu, 2018-06-14 This book presents a systematic explanation of the SIML Separating Information Maximum Likelihood method a new approach to financial econometrics Considerable interest has been given to the estimation problem of integrated volatility and covariance by using high frequency financial data Although several new statistical estimation procedures have been proposed each method has some desirable properties along with some shortcomings that call for improvement For estimating integrated volatility covariance and the related statistics by using high frequency financial data the SIML method has been developed by Kunitomo and Sato to deal with possible micro market noises The authors show that the SIML estimator has reasonable finite sample properties as well as asymptotic properties in the standard cases It is also shown that the SIML estimator has robust properties in the sense that it is consistent and asymptotically normal in the stable convergence sense when there are micro market noises micro market non linear adjustments and round off errors with the underlying continuous time stochastic process Simulation results are reported in a systematic way as are some applications of the SIML method to the Nikkei 225 index derived from the major stock index in Japan and the Japanese financial sector

This Much I Know About Mind Over Matter ... John Tomsett, 2017-02-17 In *This Much I Know about Mind Over Matter* John Tomsett addresses with refreshing honesty the growing problem of the mental health issues experienced by children and young people offering up a plan for averting a mental health crisis in our schools Tomsett interweaves his formative and professional experience with strategies for addressing students mental health issues and insights from his interviews with high profile thinkers on the subject including Professor Tanya Byron Natasha Devon Norman Lamb Tom Bennett Claire Fox and Dr Ken McLaughlin The book is replete with truths about the state of children s mental wellbeing about creating a school culture where everyone can thrive and about living in the shadow of his mother s manic depression With his typical mixture of experience wisdom and research based evidence Tomsett explains how he manages the pressure of modern day state school headship in a climate where you are only as good as your last set of examination results a pressure which acutely affects staff and students too He outlines his strategies for mitigating this pressure and turning the tide of students mental health problems The autobiographical narrative modulates between self

effacing humour and heart wrenching stories of his mother's life blighted by mental illness His professional reflections are a wisdom filled blend of evidence based policy and decades of experience in teaching and school leadership Tomsett writes with genuine humility His prose is beautiful in its seeming simplicity When you pick up one of his books you will find you have read the first fifty pages before you have even noticed surely the hallmark of truly great writing Topics covered include the real state of the nation's mental health the perfect storm that is precipitating a mental health crisis in schools the problems of loose terminology what do we really mean when we talk about a mental health epidemic and poor understanding of mental health problems and mental illness the disparity between mental and physical health in public discourse treatment and funding beginning the conversation about mental health the philosophical and psychological principles underpinning the debate strategies to support students in managing their own mental health better resilience growth mindset mindfulness grit failure and mistakes coping with pressure York's school wellbeing workers project evidence based strategies that have worked in Huntington School metacognitive strategies for improving exam performance interviews with professionals in the field the reality of living with a parent with a serious mental illness self concept and achievement perfectionism the relationship between academic rigour and therapeutic education and significantly what the research says what the experts say and what Tomsett's experience says about averting a mental health crisis in schools Suitable for teachers leaders and anyone with an interest in mental health in schools
