**Leonard K. Cheng, Henryk Kierzkowski**

## **Asian Financial Crisis 1997 Causes:**

**The Asian Financial Crisis** Morris Goldstein, 1998 The turmoil that rocked Asian markets after the middle of 1997 and that spread far afield was the third major currency crisis of the 1990s Thailand Indonesia Malaysia and South Korea suffered outright recessions in 1998 In an effort to contain the crisis almost 120 billion was pledged in IMF led official rescue packages How could this happen to a group of countries that has been so highly regarded in the 1990 s by private international capital markets How could the crisis be overcome and what changes are necessary to prevent it from happening again Morris Goldstein provides the answers to these questions by first explaining how the Asian financial crisis arose and spread He traces the crisis through its three interrelated origins financial sector weaknesses external sector problems and the contagion that spread from Thailand to other countries Goldstein then outlines what needed to be done in the ASEAN 4 economies in Japan and China and in the design of IMF led official rescue packages to end the crisis Goldstein s final remarks offer specific proposals for improving the international financial architecture

**The Economies of Southeast Asia** Teofilo C. Daquila, 2005 This book analyses the growth development and crisis experiences of the Southeast Asian economies in particular Indonesia Malaysia the Philippines Singapore and Thailand also known as ASEAN 5 The proposition is developed that the robust economic performance of the Southeast Asian economies during the past four decades has been attributed to the various factors developments and independent national policies which have been pursued by the individual member countries rather than to any regional economic framework The book covers eleven topics which is suitable for a one semester course on the economics of Southeast Asia Also it has a narrower area coverage as it focuses only on the five economies namely Indonesia Malaysia the Philippines Singapore and Thailand The sectoral treatment of the crisis impact and the analytical treatment of policy responses to the crisis differentiate this book from other publications on the same topic Finally this book provides an analysis of national developments policies and factors which have contributed to the economic transformation of the respective Southeast Asian economies

**Global Financial Crises and Reforms** B. N. Ghosh, 2000-12-14 This is an innovative collection of papers written by a panel of highly respected academics and financial experts Whilst providing an insight into the phenomenology of the financial crises of the 1990s in Asia and Latin America the book also explores possibilities for their solution

**International Financial Governance under Stress** Geoffrey R. D. Underhill, Xiaoke Zhang, 2003-04-03 Persistent episodes of global financial crises have placed the existing system of international monetary and financial governance under stress The resulting economic turmoil provides a focal point for rethinking the norms and institutions of global financial architecture and the policy options of public and private authorities at national regional and transnational levels This volume moves beyond analysis of the causes and consequences of recent financial crises and concentrates on issues of policy Written by distinguished scholars it focuses on the tension between global market structures and national policy imperatives Accessible to both specialists and general readers the analysis is

coherent across a broad range of theoretical and empirical cases Offering a series of reasoned policy responses to financial integration and crises the volume grapples directly with the institutional and often neglected normative dimensions of international financial architecture The volume thus constitutes required reading for scholars and policy makers

**Economic Crises and Policy Regimes** Hideko Magara,2014-03-28 In this innovative book Hideko Magara brings together an expert team to explore both the possibilities and difficulties of transitioning from a neoliberal policy regime to an alternative regime through drastic policy innovations The authors argue that *Global Production and Trade in East Asia* Leonard K. Cheng, Henryk Kierzkowski,2012-12-06 *Global Production and Trade in East Asia* focuses on the profound change that the traditional paradigm of production and international trade has undergone in the last two decades or so as a result of worldwide trade and investment liberalization This ongoing transformation has been both aided and stimulated by advances in telecommunications transportation and information management The liberalization of trade and investment on the one hand and advances in communications technology on the other have further promoted global production networks in which vertical stages of final goods are fragmented across countries International fragmentation of production which enables international division of labor not only in final products but also in vertically related components is more evident than ever before The book documents the process of international production fragmentation and trade in East Asian economies studies the mechanics of the process explores the theory behind the phenomenon and identifies important policy implications It focuses on production fragmentation and trade in East Asia because this is the part of the world where the phenomenon is most visible With contribution by well known international economics scholars from North America Europe and the Asia Pacific the book distinguishes itself with high global quality and rich regional content It achieves a fine balance between theory policy and empirical work This book will interest scholars of international trade foreign investment and international business regional specialists in East Asian economies policymakers and advisors in international economic relations and anyone else who follows important economic issues of globalization **Corruption and Good Governance in Asia**

Nicholas Tarling,2007-05-07 Bringing together contributions on the nature of corruption in East and Southeast Asia this edited volume examines the means of limiting and ultimately eliminating corruption at a national and international level Taking a country by country approach the text explores the concept of corruption now and in the past recent experiences of Asian countries at the macro and micro levels practical local and international measures to constrain corruption The volume outlines key principles of good governance and the policies and practices essential for their application As such it represents an extremely valuable contribution to our understanding of corruption and how to tackle the problem [Asia and the Global Economic Crisis](#) J. Dowling, P. Rana,2010-09-17 This book provides an analysis of the global economic crisis from an Asian perspective It examines the impacts of the policy measures adopted the remaining challenges in rebalancing the global economy the next steps in regional economic integration in Asia and issues related to reform of the international financial

architecture     **Handbook of Markets and Economies: East Asia, Southeast Asia, Australia, New Zealand** Anthony Pecotich, Clifford J Shultz, 2016-07-22 East and Southeast Asia is a vast and complex region Its countries have a bewildering array of histories demographics economic structures cultural backgrounds and global marketing potential This Handbook unravels the mystery Each chapter is written by a country specialist and provides a thorough and up to date analysis of one of the ESEA countries Each author follows a consistent model and covers geography and natural resources the political system the economic system the social system and the marketing environment Complete chapters are devoted to Australia Brunei Cambodia China and Hong Kong East Timor Indonesia Japan Korea North and South Laos Malaysia Myanmar New Zealand Papua New Guinea the Philippines Singapore Taiwan Thailand and Vietnam Not just a review of current conditions the Handbook offers prognoses for future marketing and commercial activity in each country This definitive resource is generously illustrated with maps figures and tables and includes comprehensive references and source materials for each country It is an essential reference for students researchers and practitioners in the global economy     *The East Asian Financial Crisis* Shiqing Xie, 2000
