The Question Jim Way, 2009-05-01 Two thousand years ago Jesus challenged the religious system of his day It had become infiltrated with traditions and man made practices that had nothing to do with the word of God or the Lord s intervention for his people Many of the people with whom Jesus came in contact had doubts and were oppressed by this religious system Jesus challenged the people of his day by asking 233 questions more than any other leader in recorded history The uniqueness of this book is threefold First in two thousand years no other book has been written that summarizes these extraordinary questions Second the questions that Jesus asked pressed the very heart and root of the issues that were universally significant during that period Third these questions the answers to these questions and Jesus s authentic resolutions transcend time and space to the current condition of our culture today They cover every aspect of our lives whether we deal with the purpose of life our relationships to one another or how God wants to impact our conventional society The Question builds a bridge between what Jesus said two thousand years ago and his empirical message to what we desperately need to hear today Jesus has a unique way of communicating inspiring us to reach down deep into our very being His questions are piercing and challenging and cause introspection that could only be inspired by the Almighty It is a unique and unusual process of communication created by the world s greatest leader

Questions Jesus Asked Magrey deVega, 2023-04-04 What does Jesus want to know about us Jesus was fond of asking questions many of which cut

right to the heart of what it means to be human Why are you terrified What do you live for Who do you say that I am In Questions Jesus Asked author Magrey deVega explores six of the most provocative questions Jesus posed to others and guides us in answering them for ourselves Asking these questions takes courage Not only do they reveal what Jesus really cares about they open a window into our hearts We all have questions for God but growth happens when we turn things around and ask what Jesus wants to know about us When we dare to raise them these questions bring us a fuller appreciation for the wisdom power and presence of God in our lives Are you willing to step out in faith Are you ready to answer the questions Jesus asked The book can be read alone or used by small groups and can be used anytime throughout the year Additional components include video teaching sessions featuring Magrey deVega and a comprehensive leader guide making this perfect as a six week group study done throughout the year The Man Who Walked With Jesus , Questions on the Life of Our Saviour Helen Gordon,1870 *The Way, the Truth, and the Life. Questions on the Life of Our Saviour* Helen Gordon,2025-08-01 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Self-Reflection for the Opaque Mind** T. Parent,2016-12-01 This volume attempts to solve a grave problem about critical self reflection The worry is that we critical thinkers are all in epistemic bad faith in light of what psychology tells us After all the research shows not merely that we are bad at detecting ego threatening thoughts la Freud It also indicates that we are ignorant of even our ordinary thoughts e g reasons for our moral judgments of others Haidt 2001 and even mundane reasons for buying one pair of stockings over another Nisbett Wilson 1977 However reflection on one s thoughts requires knowing what those thoughts are in the first place So if ignorance is the norm why attempt self reflection The activity would just display naivety about psychology Yet while respecting all the data this book argues that remarkably we are sometimes infallible in our self discerning judgments Even so infallibility does not imply indubitability and there is no Cartesian ambition to provide a foundation for empirical knowledge The point is rather to explain how self reflection as a rational activity is possible **The Church of England Pulpit, and Ecclesiastical Review** ,1881
