

Let's Build Your Plan

So now, let's set the foundation to create a custom plan that works for you.

Rather than randomly selecting a planned month to take the exam, it's more realistic to figure out how much time you have to study and base your planned exam date on that.

It means that you're going to have reasonable expectations around when you can be fully prepared, you're not overcommitting, you reduce stress, cramming, and the feelings of frustration that creep up when you can't study as much as you'd like to.
