An Unfinished Song The Life Of Victor Jara:

An Unfinished Song, 1984 *Victor* Joan Jara, 1983 *Victor Jara* Joan Jara, 2023-09 As long as we sing his songs as long as his courage can inspire us to greater courage Victor Jara will never die Pete Seeger An intensely moving account A love story an epic tragedy but written with the Jaras shared faith that good can yet come out of evil Peggy Aschcroft Joan Jara describes with great power and clarity the aspirations of the people of Chile and the horror which descended upon them in 1973 Harold Pinter Victor Jara was a Chilean poet singer theatre director and communist activist He was tortured and killed after the coup of 11 September 1973 which overthrew the Salvador Allende government This is the story of his remarkable life told lovingly by his wife and fellow artist Our path is lit by twin beacons of courage and love and light Victor and Joan Jara Roger Waters **Tapestries of Hope, Threads of Love** Marjorie Agosín, 2008 Tapestries of Hope Threads of Love tells the story of ordinary women living in terror and extreme poverty under General Pinochet's oppressive rule in Chile 1973 1989 These women defied the military dictatorship by embroidering their sorrow on scraps of cloth using needles and thread as one of the boldest means of popular protest and resistance in Latin America The arpilleras they made patchwork tapestries with scenes of everyday life and memorials to their disappeared relatives were smuggled out of Chile and brought to the world the story of their fruitless searches in jails morgues government offices and the tribunals of law for their husbands brothers and sons Marjorie Agosín herself a native of and exile from Chile has spent more than thirty years interviewing the arpilleristas and following their work She knows their stories intimately and knows too that none of them has ever found a disappeared relative alive Even though the dictatorship ended in 1989 and democracy returned to Chile no full account of the detained and disappeared has ever been offered Still many women maintain hope and continue to make arpilleras both in memory and as art This new edition of the book updated for students includes a reaction to the death of General Pinochet a chronology of Chile several new testimonies from arpilleristas in their own words and an introduction by Peter Kornbluh It retains a section of full color plates of arpilleras an afterword by Peter Winn and a foreword by Isabel Allende Students and interested readers will find the arpilleras beautiful moving and ultimately hopeful and the testimonies a powerful way to learn about the history of contemporary Latin America and the arpillera movement in Chile The Art of Solidarity Jessica Stites Mor, Maria del Carmen Suescun Pozas, 2018-10-17 The Cold War claimed many lives and inflicted tremendous psychological pain throughout the Americas The extreme polarization that resulted from pitting capitalism against communism held most of the creative and productive energy of the twentieth century captive Many artists responded to Cold War struggles by engaging in activist art practice using creative expression to mobilize social change The Art of Solidarity examines how these creative practices in the arts and culture contributed to transnational solidarity campaigns that connected people across the Americas from the early twentieth century through the Cold War and its immediate aftermath This collection of original essays is divided into four chronological sections cultural and artistic production in the pre Cold

War era that set the stage for transnational solidarity organizing early artistic responses to the rise of Cold War polarization and state repression the centrality of cultural and artistic production in social movements of solidarity and solidarity activism beyond movements Essay topics range widely across regions and social groups from the work of lesbian activists in Mexico City in the late 1970s and 1980s to the exchanges and transmissions of folk music practices from Cuba to the United States to the uses of Chilean arpilleras to oppose and protest the military dictatorship While previous studies have focused on politically engaged artists or examined how artist communities have created solidarity movements this book is one of the first to merge both perspectives

Voices of Resistance Judy Maloof,2021-05-11 Latin American women were among those who led the suffrage movements of the nineteenth and early twentieth centuries and their opposition to military dictatorships has galvanized more recent political movements throughout the region But because of the continuous attempts to silence them activists have struggled to make their voices heard At the heart of Voices of Resistance are the testimonies of thirteen women who fought for human rights and social justice in their communities Some played significant roles in the Cuban Revolution of 1959 while others organized grassroots resistance to the seventeen year Pinochet dictatorship in Chile Though the women share many objectives they are a diverse group ranging in age from thirty to eighty and coming from varied ethnic and socioeconomic backgrounds The Cuban and Chilean women Judy Maloof interviewed use the narrative form to reinvent themselves Maloof includes narratives from a poet a tobacco worker a political prisoner an artist and a social worker to demonstrate the different faces of their struggle In the process these women were able to begin to put together their fragmented lives Speaking out is both a means for personal liberation and a political act of protest against authoritarian regimes The bond that these women have is not simply that they have suffered they share a commitment to resisting violence and confronting inequities at great personal risk
