Mr. Rohit Manglik

Analytical Vs Argumentative Research Paper:

A Rhetorical Analysis of the Five Paragraph Essay Juluis Nang Kum, 2023-01-25 This groundbreaking secondary school textbook analyses the rhetorical nature of the Five Paragraph Essay and the structure of examination essay questions. It provides students with an insightful and a comprehensive picture of the five paragraph essay. The book is divided into six chapters. Chapter one focuses on the origin of the genre of essay and chapter two gives a description of the five paragraph essay. The remaining chapters analyse the introduction section, the body section, the conclusion section, and essay questions of the five paragraph essay and beyond. The book would be appropriate as a training tool for the writing skills of many students. We hope that many secondary school students would find the book very vital for their essay writing exercises and other related fields.

Media Research and Research Paper Writing Mr. Rohit Manglik, 2023-11-23 Teaches methods of media research and academic writing for scholarly publishing. *Handbook of Research Methodology* 9781545703403, This comprehensive Handbook is aimed at both academic researchers and practitioners in the field of research. The book's 8 chapters provide in-depth coverage of research methods based on the revised syllabus of various universities, especially considering the students of under graduate, post graduate, and doctorate level. This book is a product of extensive literature survey made by the authors. The authors have made sincere efforts to write the book in simple language. The book comprises all the aspects according to new syllabus of PCI and APJ Abdul Kalam Technical University Lucknow. Though this book is intended for the use of pharmacy students of any level, yet it can also be useful to students of applied fields and medical students. The book deals with interdisciplinary fields such as finding research problems, writing research proposals, obtaining funds for research, selecting research designs, searching the literature, and review collection of data and analysis, preparation of thesis, writing research papers for journals, citation and listing of references, preparation of visual materials, oral and poster presentation in conferences, minutes of meetings, and ethical issues in research. At the end of every chapter, and book, some questions related to chapter have been mentioned for the support of students to understand the subject. Valuable suggestions for the improvement of this book are most welcome.

Research Methods in Public Administration and Nonprofit Management David E. McNabb, 2015-06 Designed for both students and practitioners the new edition of this popular text has been thoroughly revised It incorporates the latest thinking in public administration and nonprofit management The book integrates both quantitative and qualitative approaches to research and also provides specific instruction in the use of commonly available statistical software programs such as Excel and SPSS The book is exceptionally well illustrated with plentiful exhibits tables figures and exercises

Advanced Research Methods in the Built Environment Andrew Knight, Les Ruddock, 2009-03-16 This book provides a bridge between the introductory research methods books and the discipline specific higher level texts Its unique feature is the coverage of the detailed process of research rather than the findings of research projects Chapter authors have been carefully selected by their expertise discipline and location to give an eclectic range of perspectives Particular care has been taken to balance positivist with interpretivist approaches throughout The authors focus is on the practical consequences of research philosophies strategies and techniques by using their own research and by evaluating the work of others Advanced Research Methods in the Built Environment addresses common

topics raised by postgraduate level researchers rather than dealing with all aspects of the research process. Issues covered range from the practicalities of producing a journal article to the role of theory in research. The material brought together here provides a valuable resource for the training and development of doctoral and young researchers and will contribute to a new sense of shared methodological understanding across built environment research.
