**Heavenly Father the Immutable Holy God** Steven G. Miller,2022-05-19 I have been on a long spiritual journey studying Christian theology Overtime it became abundantly oblivious to me that if the Christian faith is really true it is not being given the weight suggested by what we profess to believe There are aspects of what we profess to believe that are very comforting the Love of God for one There are aspects of Christianity that are hard to understand Hell as another example These two aspects of our faith coexist in the immutable nature of God Neither of these aspects of God s nature can ever be diminished or compromised Since God cannot compromise His intrinsic nature these truths give rise to our need for a all sufficient Savior This book is exploring the wonders of God s salvific work to bring sinners into a right standing with our Heavenly Father [The Immutably Holy God the God Who Wants to Be Our Heavenly Father](#) Steven G. Miller,2023-06-16 Over the years it became increasing clear that if the Christian faith is really true it is not being given the seriousness of what we profession As an example there are aspects of the Christian faith that are very comforting the love of God There are also aspects of the faith that are hard to fully grasp the immutable holiness of God These two aspects of God s nature coexist in God s perfect nature neither of which can ever be diminished or compromised Therefore this gives rise to a perceived problem how can God love sinners and still remain uncompromisingly holy This book explores the wonders of God s salvific work to bring sinners into a right standing with Himself In this book you will find the straightforward answer to the way of salvation the motivations to live a life that is eternally meaningful and explore essential doctrines that have been neglected

**Anchored in God's Divine Truth** Judy Pate, 2014-12-23 As the end of time quickly approaches we find more of a need to be prepared and ready This happens when we are Anchored in God's Divine Truth We read in the book of Revelations of the importance of being overcomers and those who have ears to hear God and yet many don't feel they are overcomers and many do not hear God's voice Satan has deceived many in these areas because we have not sought out God's truths for ourselves We rely on fallible man for answers instead of our infallible God He desires us to seek his truths by directly learning from his Word and from an intimacy found in conversational prayer This book is filled with finding God's truths through prayer as truthseekers It brings readers confidence where struggles and doubts prevail Readers discover how to become free in God's truths overcome Satan and his chains of deceptions and share in the final outpouring of the Holy Spirit of Truth

**Toward a Theory of Radical**

**Origin** John David Pizer, 1995-01-01 This provocative book addresses one of the central and most controversial branches of Western thought the philosophy of origin In light of recent poststructuralist principles such as alterity difference and dissemination the philosophy of origin seems to exemplify the repressive reactionary tendencies of much of the Western philosophical tradition John Pizer aims to overturn this recent antipathy to the philosophy of origin He ably summarizes poststructuralist critiques of that earlier philosophical tradition then turns to five German thinkers Nietzsche Benjamin Rosenzweig Heidegger and Adorno who developed philosophies of origin that effectively anticipate and counter poststructuralist attacks These are thinkers who in one way or another influenced recent generations of poststructuralist thinkers Pizer argues however that rather than do away with the notion of origin altogether as in the works of the most thoroughgoing poststructuralists these philosophers developed theories in which origin is always multiple and plurivalent In the writings of these seminal German thinkers origin becomes origins and authentic origins are inherently plural and divergent A valuable engrossing account of a wide range of thinkers and their complex relations Pizer's book recovers the notion of origin for an intellectual world that has come to value multiplicity openness and diversity

**Soul-Based Living**

Mihai Ilioi, 2025-08-19 Soul Based Living in the Age of AI Why This Book Exists In a time when technology grows faster than wisdom and information multiplies more rapidly than understanding humanity faces an invisible but urgent crisis the dislocation of the soul from the center of life This guide exists as both a warning and an invitation a warning against the rising tide of synthetic influence masquerading as light and an invitation to re-anchor ourselves in the eternal foundation of Soul Based Living This book is not a reaction against progress but it is a call for return to the Source It is a compass for all those who feel the trembling within who know that algorithms can predict behavior but never replace consciousness That intelligence can be programmed but the living soul cannot be replicated This Book is a call for Awakening of the Soul Amidst Synthetic Evolution The living soul is the eternal imprint of the Eternal Creator within us Yet in an age fueled and shaped by

Artificial Intelligence virtual identity and digital autonomy the voice of the living soul is being drowned by the noise of systems designed to mimic it As AI learns to speak create analyze and even simulate empathy the human race stands at a spiritual crossroads Will we evolve with conscience or simply with code Will we live as soulless machines or as spirit led beings navigating a world of illusion with truth clarity and divine awareness This book is for those who are waking up in the middle of the night sensing that something deeper is at stake For those who feel a holy restlessness in the face of artificial perfection For those who believe the soul was not made to be silent or outsourced This book is about the sacred call to Remembrance Not Resistance Through Fear This is not a manifesto of fear It is a manuscript of remembrance In the storm of synthetic intelligence let us remember who we are not just carbon based creatures but soul born beings created with eternal essence and divine purpose The call is not to war against technology but to walk with discernment Not to isolate from systems but to remain inwardly aligned The goal is not to demonize the rise of intelligence but to recenter the throne of wisdom in the heart of humanity We are not here to escape this coming age that it is upon us the living soul is here to embody truth within it
