Your pebble, which has chosen YOU as its guardian and protector, will guide you throughout your life. When you are feeling lonely and afraid, hold your pebble. Strength will suddenly appear. When you are at a crossroads, hold your pebble. The answers you are looking for will mysteriously appear out of the silence. God will whisper to you, from the secret, heavenly realms of the angels. Clouds will disappear.

When you are filled with love and happiness, hold your pebble. Give thanks for all the wonderful things appearing in your world. But most of all, remember your time at this school. Give thanks for the people who have crossed your path. Clasp your pebble in your hand. Hold it. Touch it. Feel it. And always remember this: There is only ONE pebble in the world like yours – it's precious, special and unique. Just like you – so always remember that! And if you forget, hold your pebble – it will remind you of just how **SPECIAL** you are.

GREAT, INEXPENSIVE IDEA FOR A LEAVERS' PRESENT

This idea is my own, I've used it in Y6 many times. It's so simple – It can be used in secondary schools too. If you're after a 'present' for your leavers, this is great. Go to a beach, collect different pebbles of similar size for your class. Look for nice ones.

(Don't buy any of those 'shiny' ones from a shop – the natural look is always the best.)

I've written all the words on the cards. It's not from any book – it's all my own work.

Pile the pebbles up in the middle of the classroom in the last week, just before the children leave. They then 'choose' a pebble to take home. I used to laminate the above card and on the back, I'd always scribble a personal message and a head and shoulder cartoon sketch of the pupil, such as:

(All in normal handwriting!)

Rebecca – a fantastic, sporty girl who's always smiling! You're such a popular girl and a brilliant netball player too! Go for it in your new school. Success awaits you!! Love, Mr.Delaney...

(You know the type of thing!)

It's interesting that years and years later, I still bump into children who I've taught who tell me they've still got their pebble and card in a special place – and it reminds them of our school...

Thanks, PD

Ks1 Sats Writing Task:

The Really Practical Guide to Primary English Diana Bentley, 1999 This book contains clear chapter objectives suggestions for further reading on each topic and a glossary explaining key terms that the new or trainee teacher will need to understand The authors have all taught English in the primary setting are experienced teacher trainers and respected practitioners in their own specialist fields *Inclusive Educational Practice* Teresa Grainger, Janet Tod, 2013-10-28 First Published in 2001 An inclusive education is one which seeks to respond to individual differences through an entitlement of all learners to common curricula Armstrong and Barton 2000 This book attempts to respond to this definition of inclusion by examining the principles of the literacy curriculum and a range of pedagogic practices The complex relationships between inclusion literacy and learning are acknowledged and it is argued that quality learning in language and literacy can work towards increased equity and involvement within the classroom community *KS1 Magical SATs English Revision Guide* Alison Head, 2008 Based on appealing magical characters this new Revision Guide captures pupils imaginations and motivates them to prepare for their KS1 English SATs It is specifically aimed at pupils working towards Level 2

Children's Reading of Film and Visual Literacy in the Primary Curriculum Jeannie Hill Bulman, 2017-08-12 This book draws on a longitudinal study which highlights the beneficial impact of film in the primary curriculum It provides detailed accounts of both the reading process as understood within the field of literacy education and of film theory as it relates to issues such as narration genre and audience The book focuses on a small cohort of children to explore how progression in reading film develops throughout a child's time in Key Stage 2 it also examines how the skills and understanding required to read film can support the reading of print and vice versa in an asset model approach Since children's progression in reading film is found to be not necessarily age related but rather built on a period of experience and opportunity to read and or create moving image media Bulman clearly illustrates the importance of the inclusion of film in the primary curriculum The book provides an accessible study to a large audience of primary teachers and practitioners and will be a valuable resource for students and researchers in the fields of education English and media studies Sooner, Faster, Better Reading for All Diane Montgomery, 2023-10-05 Sutton Trust research showed that disadvantaged children were 11.5 months behind advantaged peers in reading by the end of their first year of primary education and never caught up By the time these students were completing their GCSE examinations they were 20 months behind This book provides a 7 point plan to change this so that all children including those with dyslexia can become readers by the end of Year 1 and critical readers in secondary school The changes proposed are cost free in terms of both money and teachers time This book is for educators and their students early years teachers English teachers and Special Education Coordinators SENCOs in primary and secondary schools and in Further Education as well as reading researchers and policy makers Altogether the 7 point plan proposed in this book will improve reading fluency comprehension and subject attainments across the curriculum including

mathematics *Primary English Curriculum Guide* Christine Moorcroft, Ray Barker, 2013-11-26 First Published in 2001 The purpose of this curriculum guide is to help student teachers and newly qualified teachers to make a start on learning how to become competent teachers of English Despite the emphasis given in training courses to the teaching of English newly qualified teachers often feel underprepared for it and frequently mention their concerns about this These concerns can be partly explained by a general lack of confidence in this key area and partly by widespread media and political criticism of the teaching of literacy It is also because it is often difficult for a student to make the connection between observation of key teaching strategies and his or her own personal practice The Learning and Teaching of Reading and Writing Naomi Flynn, Rhona Stainthorp, 2006-07-11 This book provides a unique description of teacher pupil interaction during the Literacy Hour in good schools It is based on detailed observations in inner city primary schools that were recognised as effective and improving The analysis is informed by contemporary research into the development and teaching of early literacy The book provides practice based examples of how teachers and schools might adapt their delivery for literacy as they move to greater creativity in their teaching of reading and writing The analysis begins within the classrooms of three expert Key Stage 1 teachers and broadens out in to the wider setting of the schools and their senior management teams An important theme running throughout the book is how the three teachers were able to make exceptional provision for their pupils who were largely second language speakers and from socio economically disadvantaged groups The teachers successful practice grew from their understanding of both early literacy development and planning for individual need The information in this book will enable student teachers recently qualified teachers and teachers interested in enhancing their literacy teaching to develop their practice in a similarly successful way *The Cambridge Primary Review Research Surveys* Robin Alexander, Christine Doddington, John Gray, Linda Hargreaves, Ruth Kershner, 2012-08-06 The Cambridge Primary Review Research Surveys is the outcome of the Cambridge Primary Review England's biggest enquiry into primary education for over forty years Fully independent of government it was launched in 2006 to investigate the condition and future of primary education at a time of change and uncertainty and after two decades of almost uninterrupted reform Ranging over ten broad themes and drawing on a vast array of evidence the Review published thirty one interim reports including twenty eight surveys of published research provoking media headlines and public debate before presenting its final report and recommendations This book brings together the twenty eight research surveys specially commissioned from sixty five leading academics in the areas under scrutiny and now revised and updated to create what is probably the most comprehensive overview and evaluation of research in primary education yet published A particular feature is the prominence given to international and comparative perspectives With an introduction from Robin Alexander the Review's director the book is divided into eight sections covering children's lives and voices school home and community children's development learning diversity and needs aims values and contexts for primary education the structure and content of primary education outcomes

standards and assessment in primary education teaching in primary schools structures and processes teaching in primary schools training development and workforce reform policy frameworks governance funding reform and quality assurance The Cambridge Primary Review Research Surveys is an essential reference tool for professionals researchers students and policy makers working in the fields of early years primary and secondary education **International Perspectives On**

Educational Reform And Policy Implementation David S. Cater, Marnie O'Neill, 2021-09-21 The change process is described in this text which examines the historical social and economic influences on education policy reform Chapters look at cross cultural experiences of educational change and policy implementation as the authors lead us to an understanding of processes and forces involved The three themes covered in this volume are politics and reform politics into policy and policy implementation and educational reform phenomena The authors argue that change takes a predictable format and once understood can be directed and managed This text is intended to be of interest to those involved in the planning and implementation of change and along with Volume 2 Case Studies in Educational Change point the way to effective management of such change processes *Year One in Action* Anna Ephgrave, 2017-03-16 Children are hard wired to learn

and they learn best by being active and autonomous exploring discovering creating and taking risks in other words by playing However formal subject specific lessons and a focus on data targets and unrealistic expectations are causing young children to be bored and stressed and this is stifling their learning Year One in Action reveals the remarkable progress children can make when they are allowed to pursue their own interests ideas and challenges in a superb and enabling environment supported by responsive skilled and empathic staff Demonstrating how a child led approach supports the development of purposeful calm confident and independent children this book offers a unique month by month insight into the workings of a highly successful Year One class It covers all aspects of practice from timetabling adult roles and transitions to the organisation of the classroom and outside area It tracks the events of each month in the year paying close attention to the physical environment and the learning that is taking place Interactions between staff and children are recognised as and exploited as teaching opportunities Throughout the book Anna Ephgrave gives the reasons behind each decision made She also explains what the outcomes have been for the children emphasising that a child led approach with planning in the moment enables rich learning across the curriculum for all children within a meaningful context Key features include over 150 full colour photographs to illustrate practice photocopiable pages of planning sheets record keeping sheets and sample letters to parents examples of individual learning journeys and planning in the moment guidance on what to look for when assessing children s progress advice on risk benefit assessments suggestions for managing transitions and minimising stress The achievements of these children have been remarkable and they have remained the enthusiastic independent happy and unique individuals that they were when they came into Year One Written by a leading consultant teacher this book will inspire teachers to be brave and do what is right for children let them take the lead trust that they

want to learn and above all let them play
