**Fundamentals of Entrepreneurial Finance** Marco Da Rin, Thomas Hellmann, 2020 Entrepreneurial finance brings together the fast moving world of entrepreneurship with the disciplined world of finance Fundamentals of Entrepreneurial Finance provides an accessible yet rigorous framework for understanding how ambitious high growth start ups can successfully obtain funding and interact with investors *The Art of Peace* Juliana Geran Pilon, 2016-10-31 Sun Tzu author of The Art of War believed that the acme of leadership consists in figuring out how to subdue the enemy with the least amount of fighting a fact that America s Founders also understood and practiced with astonishing success For it to work however a people must possess both the ability and the willingness to use all available instruments of power in peace as much as in war US foreign policy has increasingly neglected the instruments of civilian power and become overly dependent on lethal solutions to conflict The steep rise in unconventional conflict has increased the need for diplomatic and other non hardpower tools of statecraft The United States can no longer afford to sit on the proverbial three legged national security stool military diplomacy development where one leg is a lot longer than either of the other two almost forgetting altogether the fourth leg information especially strategic communication and public diplomacy The United States isn t so much becoming militarized as decivilianized According to Sun Tzu self knowledge is as important as knowledge of one s enemy if you know neither yourself nor the enemy you will succumb in every battle Alarminglly the United States is deficient on both counts And though we can stand to lose a few battles the stakes of losing the war itself in this age of nuclear proliferation are too high to contemplate
