Ohlin, Christopher J. Fuller, Mitt Regan, 2023 The threat posed by the recent rise of transnational non state armed groups does not fit easily within either of the two basic paradigms for state responses to violence The civilian paradigm focuses on the interception of demonstrable immediate threats to the safety of others The military paradigm focuses on threats posed by collective actors who pose a danger to the state s ability to maintain basic social order and at times the state The book suggests that we need not see the options as confined to this binary choice as it evaluates the philosophical and ethical implications of using both military and non military frameworks for pursuing counterterrorism operations *Politics By Other Means* Richard Abel, 2015-12-22 Politics by Other Means explores the fundamental question of how law can constrain political power by offering a pathbreaking account of the triumphant final decade of the struggle against apartheid Richard Abel presents case studies of ten major legal campaigns including challenges to pass laws black trade union demands for recognition state terror censorship resistance to the independent homelands and treason trials **Inequality Studies from the Global South** David Francis, Imraan Valodia, Edward Webster, 2020-05-04 This book offers an innovative interdisciplinary approach to thinking about inequality and to understanding how inequality is produced and reproduced in the global South Without the safety net of the various Northern welfare states inequality in the global South is not merely a socio economic problem but an existential threat to the social contract that underpins the democratic state and society itself Only a response that is firmly grounded in the context of the global South can hope to address this problem This collection brings together scholars from across the globe with a particular focus on the global South to address broad thematic areas such as the conceptual and methodological challenges of measuring inequality the political economy of inequality in the global South inequality in work households and the labour market and inequalities in land spaces and cities The book concludes by suggesting alternatives for addressing inequality in the global South and around the world The pioneering ideas and theories put forward by this volume make it essential reading for students and researchers of global inequality across the fields of sociology economics law politics global studies and development studies **Imagining global Amsterdam** Marco de Waard, 2015-12-15 Imagining Global Amsterdam brings together new essays on the image of Amsterdam as articulated in film literature art and urban discourse considered within the context of globalization and its impact on urban culture Subjects include Amsterdams place in global cultural memory expressions of global consciousness in Amsterdam in the Golden Age articulations of Amsterdam as a tolerant multicultural and permissive global village and globalizations impact on the ground through city branding the cultural heritage industry and cultural production in the city Written by an interdisciplinary team of scholars and united by a broad humanities approach this collection forms a multifaceted inquiry into the dynamic relationship between Amsterdam globalization and the urban imaginary *Travels in the Interior of Southern Africa* William John Burchell, 2015-07-02 A celebrated two volume geography and ethnography of southern Africa in 1811 15 by a British botanist originally published 1822 4 Sharing the Earth , 2015-06-15 The first of its kind this anthology of eighty
