Sowa Rigpa identifies diet behavior lifestyle medicine and external treatments as the four therapeutic methods of treatment. Amongst the four methods diet and lifestyle is considered as an important aspect of the treatment process and so Tibetan doctors provide optimum guidance to the patients on diet and lifestyle approach depending on their physiology and pathology. A lack of consistent system in the disease prevention scheme and resource materials on Tibetan Medicine for the general public on preventive care resulted His Holiness the Dalai Lama to share his critical views on health care during the Centenary Celebration of Men Tsee Khang on 23rd March 2016. His Holiness said Regarding Sowa Rigpa Men Tsee Khang has made a great contribution in the promotion and preservation of Tibetan medicine and astro science. But when he comes across chronically sick people in Tibetan settlements he wonders if something has been neglected. There is a clear sign of negligence in terms of preventive measures. It seems there are a sign of inattention from Health Department on the matter and also an indication of negligence from Men Tsee Khang as well. As a means to resolve and improve in the area of preventive care Men Tsee Khang's Research and Development Department has published series of booklets on Disease Prevention on various diseases in Tibetan and this booklet is the translated version. These series of Disease Prevention booklets may serve beneficial to the healthcare workers and humanity at large. The need for a better public health service in the area of preventive care is a mutual responsibility to be shared by the Concerned Health Departments and the public in general. Men Tsee Khang has and will continue to provide healthcare measures and guidance on healthy living and lifestyle to the general public through awareness talks workshops and resource materials according to Tibetan Medicine. We appeal to each and every Tibetan to be responsible have a proper diet and healthy lifestyle as these two approaches are important therapeutic methods for a healthy well being. Director Men Tsee Khang Sowa Rigpa

Smith describes how her spiraling circumstances conspired with her predisposition to depression and self medication nurturing an environment ripe for addiction to flourish.
