general s office U S Army Ser 3 v 10 p 1415 1436 Broadcast and Internet Indecency Jeremy Lipschultz,2008-02-14 This book explores broadcast and Internet indecency from social and legal perspectives using current cases and examples Case law is used as a starting point from which to explore the social and legal boundaries of speech Lipschultz argues that broadcast and Internet indecency reflect the outer boundaries of acceptable speech and understanding the limits of free speech in a free society allows us to theorize about the nature of communication With indecency in the news every week this volume is likely to get much critical and popular attention in the media discipline Report ,1978 **Fear and Trembling/Repetition** Søren Kierkegaard,2013-04-21 Presented here in a new translation with a historical introduction by the translators Fear and Trembling and Repetition are the most poetic and personal of S ren Kierkegaard s pseudonymous writings Published in 1843 and written under the names Johannes de Silentio and Constantine Constantius respectively the books demonstrate Kierkegaard s transmutation of the personal into the lyrically religious Each work uses as a point of departure Kierkegaard s breaking of his engagement to Regine Olsen his sacrifice of that single individual From this beginning Fear and Trembling becomes an exploration of the faith that transcends the ethical as in Abraham s willingness to sacrifice his son Isaac at God s command This faith which persists in the face of the absurd is rewarded finally by the return of all that the faithful one is willing to sacrifice Repetition discusses the most profound implications of unity of personhood and of identity within change beginning with the ironic story of a young poet who cannot fulfill the ethical claims of his engagement because of the possible consequences of his marriage The poet finally despairs of repetition renewal in the ethical sphere as does his advisor and friend Constantius in the aesthetic sphere The book ends with Constantius intimation of a third kind of repetition in the religious sphere **Athenian Potters and Painters** John H. Oakley,Olga Palagia,2009-05-01 This volume presents the proceedings of the second Athenian Potters and Painters conference which was held at the American School of Classical Studies Athens 2007 Together with the 1994 conference Volume I Oxbow 1997 these are the first of their kind focusing purely on Athenian pottery and addressing key aspects of its study The thirty two papers contained here are the result not only of a large amount of new material but also the dynamic appearance of a younger generation of scholars dealing with the subject Subject areas range from the study of the potters and painters themselves to shape subject matter chronology export excavation pottery context and the influence of Athenian vases on pottery from other regions of the Mediterranean and vice versa Three papers in Greek **Bibliographic Guide to Psychology** New York Public Library.
