Pretty Creatures Michael Witmore, 2007 Witmore examines the ways in which children with their proverbial capacity for spontaneous imitation and their imaginative absorption came to exemplify the virtues and powers of fiction during the English Renaissance

The Women's Sultanate P.S. Garbol, 2009-12-29 In the fabulous surroundings of the sacred city of Christianity and Islam Constantinople or Istanbul a young innocent but desperate housewife of striking beauty gradually becomes entangled in a web of a glamorous career in fashion modeling trusting the promises of a unscrupulous filthy rich Jewish patroness for a rapid financial advancement and a luxurious lifestyle However soon enough the two roles undergo a profound transformation as the patroness motives prove to be much more subtle and noble than simply turning a pretty woman into a pin up girl or possibly an aristocratic call girl while the innocent victim's secret intentions are much more hideous than simply starting a lucrative career in fashion or artistic photography might imply In fact after an unexpected and mysterious death it becomes even vaguer if this tragic event is just an accident or a well orchestrated assassination by a blackmailed victim Incidentally two retired military officers from the EU who are visiting Istanbul as tourists investigating mysterious historic events as archeological amateur detectives get also involved in this enigmatic affair as they discern several fuzzy coincidences relating this untimely death with the accidental demise of a past Ottoman Sultan many centuries ago The fog over Istanbul gradually thickens as progressively more unscrupulous people intentionally or unwillingly get involved in the conspiracy motivated by a great variety of unclear and possibly conflicting intentions This significant increase in the number of participants is promptly followed by another assassination attempt that nearly misses its target In the ensuing chaos where fanatical competitors become momentarily trusted allies practically all the participants lose their bearings driven only by the urge to prevail when the fog is finally dispersed Only the hideous murderer knows exactly what must be done because his or her aims are the most clearly defined P S Garbol
