An Introduction to Animals and Visual Culture

Randy Malamud, 2012-05-30 How and why do people frame animals so pervasively and what are the ramifications of this habit. For animals being put into a cultural frame a film a website a pornographic tableau an advertisement a cave drawing a zoo means being taken out of their natural contexts leaving them somehow displaced and decontextualized. Human vision of the animal equates to power over the animal. We envision ourselves as monarchs of all we survey but our dismal record of polluting and destroying vast swaths of nature shows that we are indeed not masters of the ecosphere. A more ethically accurate stance in our relationship to animals should thus challenge the omnipotence of our visual access to them.
