Alice Paul Claiming Power

Elizabeth Cobbs

Alice Paul Claiming Power:

Alice Paul Jill Diane Zahniser, Amelia R. Fry, 2014 Alice Paul redirected the course of American political history Raised by Quaker parents in Moorestown New Jersey she would become a passionate and outspoken leader of the woman suffrage movement In 1913 she reinvigorated the American campaign for a constitutional suffrage amendment and in the next seven years dominated that campaign and drove it to victory with bold controversial action wedding courage with resourcefulness and self mastery This riveting account of Paul s early years and suffrage activism offers fresh insight into her private persona and public image examining for the first time the sources of Paul s ambition and the growth of her political consciousness Though many historians regard her Quaker upbringing as the greatest influence in her commitment to women s rights J D Zahniser and Amelia R Fry explore the ways in which her political zeal developed out of years of education as well as from her early involvement with British suffragists Emmeline and Christabel Pankhurst These two women helped to hone Paul s instincts and skills which equipped her for later dealings with two important political adversaries Woodrow Wilson and rival suffragist Carrie Chapman Catt Using oral history interviews and the rich trove of Paul s correspondence Zahniser and Fry substantially revise our understanding Paul s role in the suffrage movement This compelling biography analyzes Paul s charisma and leadership qualities sheds new light on her life and work and is essential reading for anyone interested in the woman suffrage movement particularly as the American centennial of the women s vote approaches **Alice Paul** ,1995

Constitutional Orphan Paula A. Monopoli, 2020 An account of the ramifications of the passage of the Nineteenth Amendment and the divisions it created in the courts and Congress and in the women s movement itself Constitutional Orphan explores the role of former suffragists in the constitutional development of the Nineteenth Amendment during the decade following its ratification in 1920 It examines the pivot to new missions immediately after ratification by two national suffrage organizations the National Woman s Party and the National American Woman Suffrage Association The NWP turned from suffrage to a federal equal rights amendment NAWSA became the National League of Women Voters and turned to voter education and social welfare legislation The book then connects that pivot by both groups to the emergence of a thin conception of the Nineteenth Amendment as a matter of constitutional interpretation It surfaces the history around the Congressional failure to enact enforcement legislation pursuant to the Nineteenth and connects that with the NWP s perceived need for southern Congressional votes for the ERA It also explores the choice to turn away from African American women suffragists asking for help to combat voter suppression efforts after the November 1920 presidential election and then evaluates the deep divisions among NWP members some of whom were social feminists who opposed the ERA and the NLWV which supported the social feminists in that opposition The book also analyzes how state courts left without federal enforcement legislation to constrain or guide them used strict construction to cabin the emergence of a more robust interpretation of the Nineteenth It concludes with an examination of new legal scholarship which suggests broader ways in

which the Nineteenth could be used today to expand gender equality The Hello Girls Elizabeth Cobbs,2019-05-13 In 1918 the U S Army Signal Corps sent 223 women to France at General Pershing s explicit request They were masters of the latest technology the telephone switchboard While suffragettes picketed the White House and President Wilson struggled to persuade a segregationist Congress to give women of all races the vote these courageous young women swore the army oath and settled into their new roles Elizabeth Cobbs reveals the challenges they faced in a war zone where male soldiers wooed mocked and ultimately celebrated them The army discharged the last Hello Girls in 1920 the year Congress ratified the Nineteenth Amendment When they sailed home they were unexpectedly dismissed without veterans benefits and began a sixty year battle that a handful of survivors carried to triumph in 1979 What an eye opener Cobbs unearths the original letters and diaries of these forgotten heroines and weaves them into a fascinating narrative with energy and zest Cokie Roberts author of *Capital Dames* This engaging history crackles with admiration for the women who served in the U S Army Signal Corps during the First World War becoming the country s first female soldiers New Yorker Utterly delightful Cobbs very adroitly weaves the story of the Signal Corps into that larger story of American women fighting for the right to vote but it s the warm fascinating job she does bringing her cast to life that gives this book its memorable charisma This terrific book pays them a long warranted tribute Christian Science Monitor Cobbs is particularly good at spotlighting how closely the service of military women like the Hello Girls was tied to the success of the suffrage movement NPR *Alice Paul and the Fight for Women's Rights* Deborah Kops,2017-02-28 Here is the story of the extraordinary Alice Paul a leader in the long struggle for votes for women Alice Paul made a significant impact on both the woman s suffrage movement the long struggle for votes for women to the second wave when women demanded full equality with men After women won the vote in 1920 Paul wrote the Equal Rights Amendment ERA which would make all the laws that discriminated against women unconstitutional Passage of the ERA became the rallying cry of a new movement of young women in the 1960s and 70s Paul saw another chance to advance women s rights when the landmark Civil Rights Act of 1964 began moving through Congress She set in motion the sex amendment which remains a crucial legal tool for helping women fight discrimination in the workplace A true girl power book for today s young women the title includes archival images an author s note a bibliography and source notes Grand Illusions David M. Lubin,2016-04-06 A vivid engaging account of the artists and artworks that sought to make sense of America s first total war Grand Illusions takes readers on a compelling journey through the major historical events leading up to and beyond US involvement in WWI to discover the vast and pervasive influence of the conflict on American visual culture David M Lubin presents a highly original examination of the era s fine arts and entertainment to show how they ranged from patriotic idealism to profound disillusionment In stylishly written chapters Lubin assesses the war s impact on two dozen painters designers photographers and filmmakers from 1914 to 1933 He considers well known figures such as Marcel Duchamp John Singer Sargent D W Griffith and the African American outsider artist Horace Pippin

while resurrecting forgotten artists such as the mask maker Anna Coleman Ladd the sculptor Gertrude Vanderbilt Whitney and the combat artist Claggett Wilson The book is liberally furnished with illustrations from epoch defining posters paintings photographs and films Armed with rich cultural historical details and an interdisciplinary narrative approach David Lubin creatively upends traditional understandings of the Great War s effects on the visual arts in America [Trouble in Lafayette Square](#) Gil Klein,2018-05-14 A unique history of the park across from the White House and the many tumultuous events that have happened there includes photos and illustrations Lafayette Square near the White House has been in the spotlight during recent protests but many are unaware that this Washington DC spot is surrounded by landmarks and steeped in a fascinating history of rebellion A congressman shot and killed the son of Francis Scott Key in broad daylight on the square and got away with it On the night Lincoln was assassinated a co conspirator forced his way into Secretary of State William Seward s house and nearly killed him The women s suffrage movement created the tradition of White House protest that goes on to this day and in 1950 Puerto Rican nationalists tried to force their way into Blair House to assassinate President Truman who was living there In this book prominent Washington journalist Gil Klein recounts these and other stories bringing to life the rich and sometimes bloody history of this seven acre public gathering place **International Medievalisms** Mary Boyle,2023 Identifies and investigates international medievalism through three distinct strands Internationally Nationalist Someone Else s Past and Activist Medievalism Medievalism the reception of the Middle Ages often invokes a set of tropes generally considered medieval rather than consciously engaging with medieval cultures and societies International medievalism offers an additional interpretative layer by juxtaposing two or more national cultures at least one of which is medieval National can be aspirational it might refer to the area within agreed borders or to the people who live there but it might also describe the people who understand or imagine themselves to constitute a nation And once medieval becomes simply a collection of ideas it can be re formed as desired cast as more geographically than historically specific or function as a gateway to an even more nebulous past This collection explores medievalist media from the textual to the architectural Subjects range from The Green Children of Woolpit to Refugee Tales and from Viking metal to Joan of Arc As the contributors to each section make clear for centuries the medieval has provided material for countless competing causes and cannot be contained within historical political or national borders The essays show how the medieval is repeatedly co opted and recreated formed as much as formative inviting us to ask why and in service of what **The Routledge History of Religion and Politics in the United States Since 1775** Cara Lea Burnidge,Lauren Frances Turek,2024-12-30 Drawing together history and recent historiography this volume offers a reference work for understanding how religion influenced politics and how politics shaped religion in the United States from the American Revolution through to the present day The book brings together some of the most well regarded scholars in history religious studies American studies political science and other disciplines working in this field providing a groundbreaking transdisciplinary history of this topic It explores the

major themes and historiographical trends that animate current scholarship ensuring that readers come away with a thorough picture of the field how it has evolved and where future scholars might take us This unique approach is well suited to students and scholars of both U S history and religious studies and encourages interdisciplinary analysis for the fields of religion and politics Hollywood or History Scott L. Roberts, Charles J. Elfer, 2018-07-01 Teaching and learning through Hollywood or commercial film productions is anything but a new approach and has been something of a mainstay in the classroom for nearly a century Purposeful and effective instruction through film however is not problem free and there are many challenges that accompany classroom applications of Hollywood motion pictures In response to the problems and possibilities associated with teaching through film we have collaboratively developed a collection of practical classroom ready lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms We believe that film can serve as a powerful tool in the social studies classroom and where appropriately utilized foster critical thinking and civic mindedness The College Career and Civic Life C3 framework represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing We believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute Our hope is that this edited book might play a small role in the larger project of supporting practitioners specifically K 12 teachers of United States history by offering a collection of classroom ready tools based on the Hollywood or History strategy and designed to foster historical inquiry through the careful use of historically themed motion pictures The book consists of K 5 and 6 12 lesson plans addressing the following historical eras Adapted from UCLA National Center for History in Schools

Getting the books **Alice Paul Claiming Power** now is not type of challenging means. You could not lonely going once book hoard or library or borrowing from your links to right of entry them.
