Field Guide for the Identification of Invasive Plants in Southern Forests James H. Miller, Erwin B.

Chambliss, Nancy J. Loewenstein, 2011-08 Invasions of non native plants into forests of the Southern United States continue to go unchecked and only partially un monitored These infestations increasingly erode forest productivity hindering forest use and management activities and degrading diversity and wildlife habitat Often called non native exotic non indigenous alien or noxious weeds they occur as trees shrubs vines grasses ferns and forbs This guide provides information on accurate identification of the 56 non native plants and groups that are currently invading the forests of the 13 Southern States In addition it lists other non native plants of growing concern Illustrations This is a print on demand edition of an important hard to find publication
