

Anniversary Poems for Wife

With a woman as gracious and gorgeous as you
This year we've just breezed right through
You hold me up when I'm feeling down
And laugh when I'm acting like a clown
You offer advice and the best cups of tea
And you always see the best in me
If 'soulmates' do truly exist
Then I'm thankful
for the first time we kissed

amorous epiphany and in the shade of the laurel as the locus of the production of Rime sparse Ample notes complement the text and English translations translations of the Italian poetry are included

Queer Faith Melissa E. Sanchez, 2019-08-20 Honorable Mention 2020 Aldo and Jeanne Scaglione Prize given by the Modern Language Association Uncovers the queer logics of premodern religious and secular texts Putting premodern theology and poetry in dialogue with contemporary theory and politics Queer Faith reassess the commonplace view that a modern veneration of sexual monogamy and fidelity finds its roots in Protestant thought What if this narrative of history and tradition suppresses the queerness of its own foundational texts Queer Faith examines key works of the prehistory of monogamy from Paul to Luther Petrarch to Shakespeare to show that writing assumed to promote fidelity in fact articulates the affordances of promiscuity both in its sexual sense and in its larger designation of all that is impure and disorderly At the same time Melissa E Sanchez resists casting promiscuity as the ethical queer alternative to monogamy tracing instead how ideals of sexual liberation are themselves attached to nascent racial and economic hierarchies Because discourses of fidelity and freedom are also discourses on racial and sexual positionality

excavating the complex historical entanglement of faith race and eroticism is urgent to contemporary queer debates about normativity agency and relationality Deliberately unfaithful to disciplinary norms and national boundaries this book assembles new conceptual frameworks at the juncture of secular and religious thought political and aesthetic form It thereby enlarges the contexts objects and authorized genealogies of queer scholarship Retracing a history that did not have to be Sanchez recovers writing that inscribes radical queer insights at the premodern foundations of conservative and heteronormative culture
