Nanda, Lucia-Mihaela Grosu-Rădulescu, 2025-11-01 This volume contributes to research in both humanities and performing arts without disregarding the more recent digital artistic media by focusing on works of science fiction Sci Fi The book s structure mirrors the themes approached in an effort to contextualize the Atwoodian concept of utopia by addressing a variety of topical subjects such as transhumanism ethical dilemmas subjectivities in a digital world in science fiction theater opera and art installations as well as film and new digital media The book collects interpretations of transmedial performances comparisons of films and novels videogames and other immersive platforms The contributors include a range of academics and specialists from Japan Romania India Spain Ireland and the U S A Recent preoccupations with Artificial Intelligence and its advantages and threats have also meant a re assessment of Sci Fi creations and their relevance The book

appeals to students and researchers in the humanities media studies performance arts as well as larger audiences interested in comparative and analytic discussions of Sci Fi works anchored in real life concerns **Reimagining Science Fiction**

Gary Westfahl, 2025-10-31 In the first decades of the twenty first century science fiction literature has been transformed in many ways as the genre has reacted to the dominating influence of films television and video games the growing popularity of fantasy the rise of young adult science fiction and graphic novels the impact of the internet and social media and the increasing diversity of the authors characters and often non Western settings The essays making up this volume address these and other changes in two ways Some consider new critical approaches to science fiction in response to changing circumstances including analyses of how evolutionary psychology explains today s science fiction the emerging subgenre of cli fi exploring the effects of climate change the use of science fiction in different areas of the college curriculum and a statistical method for identifying works of science fiction Others examine significant new authors such as Nalo Hopkinson Charles Stross Paolo Bacigalupi Suzanne Collins Mira Grant John Sandford and David Mura Contributors include science fiction author Howard V Hendrix and experts in the fields of Chinese studies gender studies literature philosophy and religion *Dystopia in Arabic Speculative Fiction* Wessam Elmeligi, 2023-08-29 Dystopia in Arabic Speculative Fiction A Poetics of Distress unpacks the nuanced Arabic contribution to speculative fiction Part of a larger project by Elmeligi to formulate a poetics of literary theory to read Arabic literature this book examines Arabic dystopian fiction from the lens of social causes of psychological distress The selected novels combine works by authors already established in studies by Western scholars and many that have not been translated before or have not received enough scholarly attention yet The novels represent an array of Arab countries including Algerian Egyptian Jordanian Kuwaiti Mauritanian Syrian and Tunisian authors It also highlights the contribution of women authors to Arabic speculative fiction This book enriches the conversation about what is quite possibly a significant speculative fiction turn in the Arabic novel as well as provides a new theoretical approach to read such complex and innovative literature **Sci-Fi Designs** Hazel Monroe, AI, 2025-03-10 Sci Fi Designs

explores the captivating fusion of futuristic technology dystopian settings and cyberpunk aesthetics in science fiction comics The book argues that design isn t merely decorative it s integral to visual storytelling and world building influencing our perceptions of the future One intriguing aspect is how these visual elements reflect our collective hopes and fears about technology and society The book also highlights how design choices impact the narrative and the reader s experience turning the comic page into a powerful medium for exploring complex themes This journey through futuristic aesthetics begins by tracing its roots back to art deco and futurism before delving into how technology shapes character design particularly through cybernetics and robotics A significant portion is dedicated to the visual language of cyberpunk examining its impact on creating compelling settings and narratives Through visual examples from classic and contemporary comics Sci Fi Designs reveals the artistry behind these visual choices and offers a fresh perspective on how artists communicate complex ideas

about technology and identity within the genre **Science Fiction and Climate Change** Andrew Milner, J. R. Burgmann, 2020 This is a timely comprehensive and thoroughly researched study of climate fiction from around the world including novels short stories films and other formats Informed by a sociological perspective it will be an invaluable resource for students and scholars looking to enter and expand the field of climate fiction studies **Digital Games eBook**
