Critical Analysis Skills for Social Workers David Wilkins, Godfred Boahen, 2013-05-16

Dr David Wilkins is a Senior Lecturer at the University of Bedfordshire UK Dr Godfred Boahen is a Policy and Research Officer at the British Association of Social Workers BASW UK

How can social workers develop their critical analysis skills What role does critical analysis play in the day to day activities of a social worker And can we critically analyse in isolation The ability to analyse contexts scenarios and service users through a critical lens is vital to effective social work practice Despite this many social workers attempt to analyse situations alone missing marks of significance This book written by two senior academics and practitioners who at the time were in the midst of their PhDs offers a basis step by step model that busy social workers can use to develop a more critical and analytical mindset It shows how analysis can be woven throughout the whole process of social work engagement resulting in more effective decision making more efficient ways of working and ultimately better outcomes for social work service users This is achieved by ways of handy tools case studies and dilemmas research summaries and exercises and reflections points to tackle alone or with a colleague Topics covered

include What analysis is and why it is such an important skill in social work practice The skills that underpin critical analysis such as time management planning critical understanding logical thinking research mindedness creativity communication reflection and hypothesising The role of emotion and intuition in critical analysis The importance of supervision and team or supervised analysis This book forms part of the Social Work Skills in Practice series The series focuses on key social work skills required for working with children and adult service users families and carers The books offer both theoretical and evidence informed knowledge alongside the application of skills relevant for day to day social work practice They are an invaluable resource for pre qualifying students newly qualified social workers academics teaching and researching in the field as well as social work practitioners including practice educators pursuing continuous professional development A timely and appropriate post Munro book for social workers at all levels of experience The chapter on emotion intuition and critical analysis is a particularly welcome addition to the subject A really useful book Dr Jane Reeves Director of Studies M A Child Protection Co Director Centre for Child Protection University of Kent UK

Rivera, 2016-03-22 How social class determines who lands the best jobs Americans are taught to believe that upward mobility is possible for anyone who is willing to work hard regardless of their social status yet it is often those from affluent backgrounds who land the best jobs Pedigree takes readers behind the closed doors of top tier investment banks consulting firms and law firms to reveal the truth about who really gets hired for the nation's highest paying entry level jobs who doesn't and why Drawing on scores of in depth interviews as well as firsthand observation of hiring practices at some of America's most prestigious firms Lauren Rivera shows how at every step of the hiring process the ways that employers define and evaluate merit are strongly skewed to favor job applicants from economically privileged backgrounds She reveals how decision makers draw from ideas about talent what it is what best signals it and who does and does not have it that are deeply rooted in social class Displaying the right stuff that elite employers are looking for entails considerable amounts of economic social and cultural resources on the part of the applicants and their parents Challenging our most cherished beliefs about college as a great equalizer and the job market as a level playing field Pedigree exposes the class biases built into American notions about the best and the brightest and shows how social status plays a significant role in determining who reaches the top of the economic ladder

The Most Important Questions to Ask on Your Next Job Interview Kendall Blair, 2007 You have brushed up on the tough interview questions You have covered every area of your resume including that three month unemployment gap and you have studied up on the company But there is one more thing you may not have thought of some questions you want to ask in your interview Many prospective employees do not realize or forget that the interview process is a two way street When the formal interview is over and the interviewer asks if you have any questions now is the time to distance yourself from the competition You should be asking questions to determine whether you would be happy in the position or with the company but you need to ask the right questions The questions you ask will help show what you can contribute to the organization They also can help you figure out if you want this job In this groundbreaking new book you will find over two hundred of the RIGHT kinds of questions to ask You will be able to stand out from the others competing for the job and gain valuable insight into what working for a company would be like Atlantic Publishing is a small independent publishing company based in Ocala Florida Founded over twenty years ago in the company president's garage Atlantic Publishing has grown to become a renowned resource for non fiction books Today over 450 titles are in print covering subjects such as small business healthy living management finance careers and real estate Atlantic Publishing prides itself on producing award winning high quality manuals that give readers up to date pertinent information real world examples and case studies
