

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Ana Question Papers Grade 7:

Democratic Evaluation and Democracy Donna Podems, 2017-02-01 Democratic evaluation brings a way of thinking about evaluation's role in society and in particular its role in strengthening social justice. Yet the reality of applying it and what happens when it is applied particularly outside the West is unclear. Set in South Africa, a newly formed democracy in Southern Africa, the book affords an in-depth journey that immerses a reader into the realities of evaluation and its relation to democracy. The book starts with the broader introductory chapters that set the scene for more detailed ones which bring thorough insights into national government, local government, and civil societies' experience of evaluation, democratic evaluation, and their understanding of how it contributes to strengthening democracy or not. A teaching case, the book concludes by providing guiding questions that encourage reflection, discussion, and learning that ultimately aims to inform practice and theory.

Classroom Connections, Grade 1, 2015-05-04 Classroom Connections brings math, language arts, and science together around a common skill. This book for first graders covers vowel sounds, synonyms and antonyms, homophones, reading comprehension, addition, subtraction, measurement, and critical thinking. The Classroom Connections series provides math, language arts, and science practice for children in kindergarten to grade 3. Each page ties three subject areas together around a common skill, giving children a fresh way to look at important concepts. Children are also provided with extension activities, tips, and hints related to each skill to encourage additional learning and real-world application.
