Art and Anatomy in Nineteenth Century Britain Allister Neher, 2022-01-18 This book investigates the ways in which the fine arts and the science of anatomy were interrelated in early nineteenth century Britain It was an era in which the two disciplines were closely connected and mutually dependent Anatomy students attended drawing classes at the Royal Academy and other institutions to develop the artistic skills they needed to accurately depict their specimens Artists attended private anatomy schools to study the construction of the human body so that their representations of action and expression could be more convincing Their personal and professional lives overlapped in ways that shaped their disciplines This book is principally concerned with three of these how the fine arts and

their practices were imported into anatomical illustration how anatomy took on a prominent pedagogical position in some schools of art and how anatomical accuracy became an important criterion in aesthetic evaluation These interactions are pursued through the works of three men John Bell Charles Landseer and Robert Carswell They were all influential figures in their time and this book serves to return them to contemporary discussions *Men's Body Sculpting* Nick Evans, 2010-10-20 Achieve the breakthroughs in size for the lean and chiseled muscular look that you've always wanted Bodybuilding expert Nick Evans presents a proven program for perfecting your physique More than simply hitting the gym and pumping iron Men's Body Sculpting provides you with complete programs for generating mass reducing fat sculpting your physique and maintaining your build Each program offers the specific exercises that professional bodybuilders have used paired with in depth advice on nutrition and supplements to enhance your workouts and ensure rapid results Get the physique you want and get it now with Men's Body Sculpting *The Lives of Sumerian Sculpture* Jean M. Evans, 2012-10-08 This book examines the sculptures created during the Early Dynastic period 2900-2350 BC of Sumer a region corresponding to present day southern Iraq Featured almost exclusively in temple complexes some 550 Early Dynastic stone statues of human figures carved in an abstract style have survived Chronicling the intellectual history of ancient Near Eastern art history and archaeology at the intersection of sculpture and aesthetics this book argues that the early modern reception of Sumer still influences ideas about these sculptures Engaging also with the archaeology of the Early Dynastic temple the book ultimately considers what a stone statue of a human figure has signified both in modern times and in antiquity
