1.4. *Research context* Research on the effects of the Internet on the family is still in its infancy. The Internet is a relatively new technology, and its effects on the family are still being explored. The Internet has been found to have both positive and negative effects on the family. On the one hand, the Internet can provide a source of information and support for families. On the other hand, the Internet can also be a source of distraction and conflict for families. The effects of the Internet on the family are likely to be complex and multifaceted, and further research is needed to better understand these effects.

The plant is made of lithium polymer battery (LiPo)

Lighter batteries are different than the general battery, which consists of a thin layer of the paper wrapped with a thermal insulation. This can be used to reduce its weight, but it makes it more vulnerable in the face of rough or inappropriate operations, like the same. There is a battery, as inappropriate operation will cause a fire explosion.

- Do not put the battery in the model for charging, which may cause the battery to fire and damage you or the aircraft.
- If you plan to use the product for one week or more, keep the battery 50% to 100% to increase the battery life. Keep the battery 50% of the battery, just use the battery when fully charged. Half of the time to charge.
- Please use the original professional charger to charge the battery.
- Do not charge the capacitor to prevent fire.
- Lithium battery is the storage for more than three months after the need to charge to maintain the voltage to ensure that it should have 0% life.
