Angels and Demons Serge-Thomas Bonino, 2016 Angels occupy a significant space in contemporary popular spirituality Yet today more than ever the belief in the existence of intermediary spirits between the human and divine realms needs to be evangelized and Christianized Angels and Demons offers a detailed synthesis of the givens of the Christian tradition concerning the angels and demons as systematized in its essential principles by St Thomas Aquinas Certainly the doctrine of angels and demons is not at the heart of Christian faith but its place is far from negligible On the one hand as part of faith seeking understanding angelology has been and can continue to be a source of enrichment for philosophy Thus reflection on the ontological constitution of the angel on the modes of angelic knowledge and on the nature of the sin of Satan can engage and shed light on the most fundamental areas of metaphysics epistemology and ethics On the other hand angelology insofar as it is inseparable from the ensemble of the Christian mystery from the doctrine of creation to the Christian understanding of the spiritual life can be envisioned from an original and fruitful perspective

thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

Last Breath Debra Dunbar, 2016-03-17. An Urban Fantasy series for geeks and history buffs with swords and sorcery, Templar Knights, vampires, and more by author Debra Dunbar. What do a dead cosplayer and a ritual murder have in common? Plenty. Solaria Ainsworth isn't a paladin; she's not even an ordained Templar Knight, but she can't resist poking her nose into police business when magicians are found murdered in Baltimore. When the murders spread to include those of the magical group Haul Du, she rethinks her participation in the investigation. Why should she bother to assist a group that kicked her out the moment they discovered she was a Templar, the group that forbade any of their members to have contact with her? Is the killer an angel or a demon or both? No matter her old grudge, Aria can't ignore the bloodbath right under her nose, and she definitely can't ignore the practice of death magic that has stolen innocent lives and souls. If you like Shannon Mayer, K.F. Breene, Shayne Silvers, Hailey Edwards, or Yasmine Galenorn, you'll love this series.
