and force us to reflect critically on the global condition **The Order of Forms** Anna Kornbluh,2019-11-20 In literary studies today debates about the purpose of literary criticism and about the place of formalism within it continue to simmer across periods and approaches Anna Kornbluh contributes to and substantially shifts that conversation in *The Order of Forms* by offering an exciting new category political formalism which she articulates through the co emergence of aesthetic and mathematical formalisms in the nineteenth century Within this framework criticism can be understood as more affirmative and constructive articulating commitments to aesthetic expression and social collectivity Kornbluh offers a powerful argument that political formalism by valuing forms of sociability like the city and the state in and of themselves provides a better understanding of literary form and its political possibilities than approaches that view form as a constraint To make this argument she takes up the case of literary realism showing how novels by Dickens Bront Hardy and Carroll engage mathematical formalism as part of their political imagining Realism she shows is best understood as an exercise in social modeling more like formalist mathematics than social documentation By modeling society the realist novel focuses on what it considers the most elementary features of social relations and generates unique political insights Proposing both this new theory of realism and the idea of political formalism this inspired eye opening book will have far reaching implications in literary studies Masculinities and the Culture of Competitive Cycling Jack Hardwicke,2023-04-06 Drawing on extensive ethnographic qualitative and quantitative research this monograph provides a novel account of masculinities in an individual sport competitive road cycling Chapters present varied analyses on male cyclists relationship with masculinity the culture of competitive road cycling cyclists attitudes toward injury management sexual minority and women s experiences in the sport and autoethnographic accounts of the author s own experiences of being involved in the sport for over ten years The author also examines how masculinity impacts male cyclists attitudes towards competition risk taking and doping practices This book will be of interest to scholars and researchers in sports sociology gender studies and masculinity studies Citizen Media and Public Spaces Mona Baker,Bolette B. Blaagaard,2016-06-10 *Citizen Media and Public Spaces* presents a pioneering exploration of citizen media as a highly interdisciplinary domain that raises vital political social and ethical issues relating to conceptions of citizenship and state boundaries the construction of publics and social imaginaries processes of co optation and reverse co optation power and resistance the ethics of witnessing and solidarity and novel responses to the democratic deficit Framed by a substantial introduction by the editors the twelve contributions to the volume interrogate the concept of citizen media theoretically and empirically and offer detailed case studies that extend from the UK to Russia and Bulgaria and from China to Denmark and the liminal spaces within which a growing number of refugees now live A rich new domain of scholarship and practice emerges out of the studies presented Citizen media is shown to embrace both physical and digital interventions in public space as well as the sets of values and agendas that influence and drive the practices and discourses through which individuals and collectives position themselves within and in relation to society and participate in

The Poet and the Antiquaries Megan L. Cook,2019-04-12 Between 1532 and 1602 the works of Geoffrey Chaucer were published in no less than six folio editions These were in fact the largest books of poetry produced in sixteenth century England and they significantly shaped the perceptions of Chaucer that would hold sway for centuries to come But it is the stories behind these editions that are the focus of Megan L Cook s interest in The Poet and the Antiquaries She explores how antiquarians historians lexicographers religious polemicists and other readers with a professional but not necessarily literary interest in the English past played an indispensable role in making Chaucer a figure of lasting literary and cultural importance After establishing the antiquarian involvement in the publication of the folio editions Cook offers a series of case studies that discuss Chaucer and his works in relation to specific sixteenth century discourses about the past She turns to early accounts of Chaucer s biography to show how important they were in constructing the poet as a figure whose life and works could be known understood and valued by later readers She considers the claims made about Chaucer s religious views especially the assertions that he was a proto Protestant and the effects they had on shaping his canon Looking at early modern views on Chaucerian language she illustrates how complicated the relations between past and present forms of English were thought to be Finally she demonstrates the ways in which antiquarian readers applied knowledge from other areas of scholarship to their reading of Middle English texts Linking Chaucer s exceptional standing in the poetic canon with his role as a symbol of linguistic and national identity The Poet and the Antiquaries demonstrates how and why Chaucer became not only the first English author to become a subject of historical inquiry but also a crucial figure for conceptualizing the medieval in early modern England

Crime Fiction in the Caribbean Lucy Evans,2024-09-18 Crime Fiction in the Caribbean Reframing Crime and Justice is the first academic book to focus on crime fiction by anglophone Caribbean writers It explores how contemporary writers experiment with the crime genre in order to convey contextualize and comment on crime and justice in Caribbean countries Lucy Evans reads crime fiction as a versatile mode of writing that can be politically engaged and that in a Caribbean context can expose power structures embedded in the region s multi layered history of colonial conquest

genocide of Indigenous populations plantation agriculture transatlantic slavery and indentured labour This book covers fiction set in Trinidad and Tobago Jamaica Guyana Barbados Grenada and Haiti discussing novels by Elizabeth Nunez Jacob Ross Marlon James Harischandra Khemraj Esther Figueroa Edwidge Danticat Cherie Jones and several others Evans considers how fiction by anglophone Caribbean writers not only reflects upon the social realities of crime and crime control in the Caribbean but also at times contests or complicates scholarly popular and legal perspectives She argues that through their engagement with the crime genre these writers raise pressing questions about what constitutes crime and justice in a Caribbean context and about accountability Looking beyond the traditional focus of crime fiction and criminology on individual acts of wrongdoing their fiction highlights systemic social harms rooted in the region's colonial past Reading crime fiction through the lens of criminological research Crime Fiction in the Caribbean brings the study of literary writing into scholarly debate on crime in the Caribbean At the same time it extends the global turn in crime fiction studies focusing on a region that has been sidelined even in studies which examine the genre's international dimensions Handbook on Gender and Cities Linda Peake, Anindita Datta, Grace Adeniyi-Ogunyankin, 2024-10-03 This Handbook acts as a state of the art foundation for the field of gender and cities scholarship through in depth assessments of the latest research within key areas of feminist urban academia Multidisciplinary in its scope editors Linda Peake Anindita Datta and Grace Adeniyi Ogunyan bring together over 60 feminist scholars to present contemporary research in this important field of study **Thinking of the Medieval** Benjamin A.
