Common Core is placing a heavier emphasis on nonfiction but that doesn't mean you have to give up your literature lessons. In this book, English teachers Stacey O'Reilly and Angie Stooksbury describe how you can combine nonfiction with fiction to meet the standards and give students a deeper understanding of what they are reading. This practical book provides a variety of nonfiction reading strategies as well as ready-to-implement lesson plans and text pairing suggestions. You will get a variety of useful strategies to help students analyze nonfiction. Sample units with step-by-step agendas and lesson plans. Ready-to-use classroom handouts and rubrics for assessment. Suggested text pairings across genres and time periods.

Handbook on Animal-Assisted Therapy Megan Mueller, Zenithson Ng, Taylor Chastain Griffin, Aubrey H. Fine, 2011-04-28. The original edition was the first book to provide a comprehensive overview of the ways in which animals can assist therapists with treatment of specific populations and/or in specific settings. The second edition continues in this vein with 7 new chapters plus substantial revisions of continuing chapters as the research in this field has grown. New coverage includes Animals as social supports, Use of AAT with Special Needs students, the role of animals in the family, insights for clinicians, and measuring the animal-person bond. Contributions from veterinarians, animal trainers, psychologists, and social workers. Includes guidelines and best practices for using animals as therapeutic companions. Addresses specific types of patients and environmental situations.

Teaching Secondary English Daniel Sheridan, 2013-03-07. This new edition of Teaching Secondary English is thoroughly revised but its purpose has not changed. Like the popular first edition, it balances content knowledge with methodology, theory with practice, and problem posing with suggested solutions. The tone and format are inviting while addressing student readers on a professional level. Rather than attempting to cover everything, the text provides a framework and materials for teaching a secondary English methods course while allowing considerable choice for the instructor. The focus is on teaching literature, writing, and language, the basics of the profession. Attention is given to the issues that arise as one seeks to explore what it means to teach English. The problems and tensions of becoming a teacher are discussed frankly in a manner that helps students figure out their own attitudes and solutions. Features Focuses on a few central concepts in the teaching of secondary English. Provides an anthology of 22 readable and challenging essays on key topics, allowing students to hear a variety of voices and opinions. Includes an applications section for each reading that extends the discussion and asks students to explore problems and grapple with important issues related to the articles. Offers short writing assignments in questions that follow the readings and in brief writing tasks in the applications, and a longer writing assignment at the end of each chapter. Addresses student readers directly without talking down to them. New in the Second Edition: This edition is shorter, tighter, and easier to use. The opening and concluding chapters more directly address the concerns of new teachers. The anthology is substantially updated; of the 22 articles included, 14 are new to this edition. Each essay is preceded by a brief introduction and followed by questions for further thought. There are fewer applications but

these are more extensive and more fully integrated within the text A writing assignment is provided at the end of each chapter Interviews with college students before and after student teaching are included in Chapters 1 and 6 The bibliographies at the end of each chapter are fully updated

Collaborative community partnerships across education settings Mariëtte P. Koen, Luiza O. De Souza, 2025-02-25 This book features chapters by scholars from various education fields specialising in sustainability As the first volume in North West University's Community based Educational Research Series it focuses on transforming education through a participatory approach The authors explore quality education across early childhood primary secondary and higher education by examining collaborative efforts among practitioners parents and teachers This scholarly book provides empirical evidence on how collaborative initiatives can promote sustainable development These initiatives encourage partnerships among community leaders educators learners nongovernmental organisations government and the private sector for lifelong learning and professional development It highlights southern African experiences in collaborative education aligned with the United Nations sustainable development goal of achieving quality education The book demonstrates various research designs and methods applied to educational practice from early childhood to tertiary levels through empirical research and community projects

Teaching English in Africa Anderson, Jason, 2016-04-30 Teaching English in Africa is a practical guide written for primary and secondary school teachers working all over the continent This book relates the practice of English language teaching directly to the African context As well as covering the underlying theory of how children learn languages and how teachers can best facilitate this learning it also provides practical resources and ideas for activities and techniques that have proved successful in English classrooms in Africa both at primary and secondary level It is intended to be a practical guide so references and citations are kept to a minimum and concepts are presented using examples that are likely to be familiar to most teachers working in Africa If there is a bias in this book it is towards the needs of teachers working in low resource isolated contexts in Africa as these teachers are so often neglected by literature on teaching methodology

Teaching in the Terrordome Heather Kirn Lanier, 2012-10-01 Only 50 percent of kids growing up in poverty will earn a high school diploma Just one in ten will graduate college Compelled by these troubling statistics Heather Kirn Lanier joined Teach For America TFA a program that thrusts eager but inexperienced college graduates into America's most impoverished areas to teach asking them to do whatever is necessary to catch their disadvantaged kids up to the rest of the nation With little more than a five week teacher boot camp and the knowledge that

David Simon referred to her future school as The Terrordome the altruistic and na ve Lanier devoted herself to attaining the program s goals but met obstacles on all fronts The building itself was in such poor condition that tiles fell from the ceiling at random Kids from the halls barged into classes all day disrupting even the most carefully planned educational activities In the middle of one lesson a wandering student lit her classroom door on fire Some colleagues instantly suspicious of TFA s intentions withheld their help and supplies They think you re trying to save the children one teacher said And though high school students can be by definition resistant in west Baltimore they threw eggs slashed tires and threatened teachers lives Within weeks Lanier realized that the task she was charged with achieving quantifiable gains in her students learning would require something close to a miracle Superbly written and timely Teaching in the Terrordome casts an unflinching gaze on one of America s dropout factory high schools Though Teach For America often touts its most successful teacher stories Lanier s powerful memoir illuminates a more common experience of Teaching For America with thoughtful complexity a poet s eye and an engaging voice As hard as Lanier worked to become a competent teacher she found that in The Terrordome idealism wasn t enough To persevere she had to rely on grit humility a little comedy and a willingness to look failure in the face As she adjusted to a chaotic school administration crumbling facilities burned out colleagues and students who perceived their school for the failure it was she gained perspective on the true state of the crisis TFA sets out to solve Ultimately she discovered that contrary to her intentions survival in the so called Charm City was a high expectation
