No Easy Answers Brooks Brown, Rob Merritt, 2002-10 On April 20 1999 Dylan Klebold and Eric Harris two seniors at Columbine High School in Littleton Colorado walked into their school and shot to death twelve students and one teacher and wounded many others It was the worst single act of murder at a school in U S history Few people knew Dylan Klebold or Eric Harris better than Brooks Brown Brown and Klebold were best friends in grade school and years later at Columbine Brown was privy to some of Harris and Klebold's darkest fantasies and most troubling revelations After the shootings Brown was even accused by the police of having been in on the massacre simply because he had been friends with the killers Now for the first time Brown with journalist Rob Merritt gets to tell his full version of the story He describes the warning signs that were missed or ignored and the evidence that was kept hidden from the public after the murders He takes on those who say that rock music or video games caused Klebold and Harris to kill their classmates and explores what it might have been that pushed these two young men from supposedly stable families to harbor such violent and apocalyptic dreams Shocking as well as inspirational and insightful No Easy Answers is an authentic wake up call for all the psychologists authorities parents and law enforcement personnel who have attempted to understand the murders at Columbine High School As the title suggests the book offers no easy answers but instead presents the unvarnished facts about growing up as an alienated teenager in

America today This edition contains a new afterword that describes what the two authors have experienced and learned about Columbine since the publication of the book

Terminology related to the raising of domestic animals in the Ruthenian language of Vojvodina Aleksandar Mudri, 2025-01-28 The aim of this book is to research the Ruthenian language fragments related to the conceptualisation and categorisation of domestic animals An interdisciplinary framework of Cognitive Linguistic theories and methodologies were employed including conceptual metaphor analysis categorization and association experiments This publication reveals prototypical members of domestic animal categories in the contemporary world image in the Ruthenian language of Vojvodina which is reconstructed through the results of association experiments Considering the levels of research that show a petrified image of the world manifested at the level of nominations and phraseologisms the shift of certain members of these categories was followed In that sense a horse a cow and a dog changed their places in categories which also shows a change in human needs from domestic animals from labor related assistance and providers of food to people s best and most loyal friends
