Annuaire Franais Relations Internationales 2015:

Encounters between Foreign Relations Law and International Law Helmut Philipp Aust, Thomas Kleinlein, 2021-06-03 A fresh look at the bridges and boundaries between foreign relations law and public international law **Realism** Alexander Reichwein, Felix Rösch, 2020-12-26 This book examines how IR s European realist tradition evolved in Europe and due to emigration in the United States in the 20th century It includes an introduction and eight chapters focusing on historical classical and contemporary structural branches of realist IR theorizing in historical and political contexts in which realist thinking did develop It reminds us of realist key figures such as Edward H Carr John H Herz or Hans J Morgenthau but also of almost forgotten realists such as Raymond Aron Stanley Hoffmann or Nicholas J Spykman Given IR mainstream textbooks introducing realism as a conservative American Cold War theory this selection aims to reintroduce realism as a primarily and distinctively European liberal normative and critical tradition A tradition that is almost always misunderstood as a guide for practitioners how to maximize or at least preserve power in the name of the national interest no matter the cost but that is in fact an argument against reckless and crude power politics ideology and totalitarianism This book is an invaluable resource for scholars practitioners and students interested in the realist tradition in IR **Netherlands Yearbook of International Law 2015** Maarten den Heijer, Harmen van der Wilt, 2016-08-04 Jus cogens is a formidable yet elusive concept of international law Since its incorporation in the Vienna Convention on the Law of Treaties some 35 years ago it has made tentative inroads into international legal practice But its role in international law is arguably less prominent than might have been expected on the basis of its powerful potential and in view of wider developments in international law that call for constitutionalisation and hierarchy including the processes of fragmentation and humanization This volume of the Netherlands Yearbook of International Law sets out to clarify the concepts and doctrines relevant to jus cogens and to sharpen the debate on its theoretical foundations functions and legal effects To that purpose the volume brings together contributions on the genesis and function of jus cogens on the application of jus cogens in specialised areas of international law and on its enforcement and legal consequences Together they reinforce the understanding of jus cogens as a hierarchical concept of international law and shed light on its potential for further development Germany's Role in European Russia Policy Liana Fix, 2021-04-24 This book contributes to the debate about a new German power in Europe with an analysis of Germany s role in European Russia policy It provides an up to date account of Germany s Ostpolitik and how Germany has influenced EU Russia relations since the Eastern enlargement in 2004 partly along partly against the interests and preferences of new member states The volume combines a rich empirical analysis of Russia policy with a theory based perspective on Germany s power and influence in the EU The findings demonstrate that despite Germany s central role exercising power within the EU is dependent on legitimacy and acceptance by other member states *Interpretations of the United Nations Convention on the Law of the Sea by International Courts and Tribunals* Angela Del Vecchio, Roberto

Virzo,2019-04-25 This book addresses current developments concerning the interpretation of the United Nations Convention on the Law of the Sea UNCLOS on the part of international courts and tribunals It does so from different perspectives by focusing on the jurisprudence of international and regional bodies such as the International Court of Justice ICJ the International Tribunal for the Law of the Sea ITLOS the European Court of Justice ECJ and the European Court of Human Rights ECtHR as well as international arbitral tribunals and the World Trade Organization WTO Dispute Settlement Body The various contributions offer in depth analyses of issues ranging from the interaction between the sources of the International Law of the Sea to various substantial procedural and institutional aspects of the regulatory framework established by UNCLOS The book also focuses on the reference by international courts and tribunals in Law of the Sea cases to both general principles and rules concerning interpretation codified in the Vienna Conventions on the Law of Treaties

Research Handbook on Unilateral and Extraterritorial Sanctions Beaucillon, Charlotte,2021-08-27 Providing a unique analytical framework to capture a diverse fragmented and highly evolving practice the Research Handbook on Unilateral and Extraterritorial Sanctions is the key original reference work covering how sanctions have indisputably become central instruments of foreign policy This discerning Research Handbook combines a series of case studies and cross cutting analyses It reflects the levers and evolution of international law and practice in the field as well as covering important topics over multiple disciplines particularly in international law and international relations Featuring diverse contributions from a selection of esteemed scholars the Research Handbook's chapters provide an unprecedented analysis of the evolution of diplomatic legal and business practices and tackle topical legal issues arising from unilateral and extraterritorial sanctions Offering a unique panorama of contemporary practice this 360 degree study will be of interest to legal academics and their students as well as practitioners in both the public and private sectors

Handbook of Nuclear Proliferation Harsh V Pant,2012-02-27 The chapters of this proposed volume are intended to shed light on the diverse themes surrounding this very important issue area in international security Each of the six major sections addresses an aspect of nuclear proliferation that will be critical in determining the future trajectory of global politics in the years to come The first section examines the major thematic issues underlying the contemporary discourse on nuclear proliferation How do we understand this period in proliferation What accounts for a taboo on the use of nuclear weapons so far and will it survive What is the present state of nuclear deterrence models built during the Cold War What is the relationship between the pursuit of civilian nuclear energy and the risks of proliferation Why are we witnessing a move away from non proliferation to counter proliferation The second section gives an overview of the evolving nuclear policies of the five established nuclear powers the USA Russia the United Kingdom France and the People's Republic of China Section three looks at the three de facto nuclear states India Pakistan and Israel The fourth section examines the three problem areas in the proliferation matrix today Iran North Korea and the potent mix of non state actors and nuclear weapons The fifth section sheds light on an important issue often ignored during

discussions of nuclear proliferation cases where states have made a deliberate policy choice of either renouncing their nuclear weapons programme or have decided to remain a threshold state The cases of South Africa Egypt and Japan will be the focus of this section The final section will examine the present state of the global nuclear non proliferation regime which most observers agree is currently facing a crisis of credibility The three pillars of this regime the Nuclear Non Proliferation Treaty NPT the Comprehensive Test Ban Treaty CTBT and the Fissile Material Cut Off Treaty FMCT will be examined This is followed by an analysis of the present trends and prospects for US Russia nuclear arms control The impact of missile defenses and the US India civilian nuclear energy co operation pact will be examined so as to ascertain whether they have weakened or strengthened the global non proliferation regime The chapters in this volume aim to document the increasing complexity of the global nuclear proliferation dynamic and the inability of the international community to come to terms with a rapidly changing strategic milieu The future in all likelihood will be very different from the past and the chapters in this volume will try to develop a framework that may help gain a better understanding of the forces that will shape the nuclear proliferation debate in the years to come

Self-Determination and Humanitarian Secession in International Law of a Globalized World

Juan Francisco Escudero Espinosa, 2018-03-24 This book addresses questions in connection with the international legal regime on demands for secession which have arisen in various States More specifically it examines the unilateral declarations of independence by Kosovo in 2008 and by Crimea and its subsequent annexation by the Russian Federation in 2014 The work investigates the two cases so as to shed light on the international legal regime affecting entities that are smaller than a sovereign State It analyzes the relevant principles of international law the intention being to determine their scope and review them in light of the most recent practice and developments in international law In turn the book examines and explains the events of relevance for international law that occurred in the changing situations in Kosovo and Crimea On the basis of these legal considerations it explores how the international community can respond when faced with situations that may violate international law together with the effectiveness of various measures It also discusses whether certain situations might be legitimate as a concept could now be emerging that secession may be justified in specific circumstances such as serious and widespread violations of basic human rights

African Interventions Emizet F. Kisangani, Jeffrey Pickering, 2021-11-11 A rich and accessible examination of military intervention on the African continent from both foreign

and African military actors **British Contributions to International Law, 1915-2015 (Set)** Jill Barrett, Jean-Pierre Gauci, 2020-12-15 The original documentary sources of key British contributions to international law spanning the past 100 years are collected for the first time in this unique anthology set of 4 books These range from seminal writings of highly qualified British scholars of international law judgments of British courts opinions of British judges on international courts and tribunals and pleadings by British advocates treaties concluded and statements made by the United Kingdom government British contributions to international legal drafting legislation and parliamentary debates to an imaginative selection of other forms of literature The Editors introduction explains why of all the multifarious British contributions these are the ones that have had the most enduring impact upon the development of international law from a global perspective The sheer quality in these texts speaks for itself these are the must read and must keep classic pieces for all interested in international law and the uniquely British contributions to it Please also see the following related titles British Influences on International Law 1915 2015 The Role of Legal Advisers in International Law **The Social Question in the Global World** Ewa Bogalska-Martin, Emmanuel Matteudi, 2018-04-18 In an era of rapid globalisation how can the changes that characterise how the social question is addressed in rich and emerging countries be analysed How can one interpret the crisis in the Welfare State and the emergence of new social policies that push for the financial contribution of beneficiaries and the development of new forms of solidarity What can be said about the world's poorest countries and their recurrent difficulty in benefiting from international aid to fight against poverty and ensure the protection of all people This volume brings together 24 researchers from around the world to analyse a series of case studies of developed emerging and developing countries They study the evolution or decline observed in these countries and propose some answers to the issue of the way in which the economic model influences how the social question is taken into account around the world A closer look reveals that the manner in which this question is addressed largely determines how the evolution of the world is perceived While the contributors here highlight how capitalism makes it possible to reflect on the issue of social protection they also show the limits of policies unable to guarantee this protection as soon as the economic situation can no longer allow countries to bear its costs **Environmental Protection and Sustainable Development from Rio to Rio+20** Malgosia Fitzmaurice, Sandrine Maljean-Dubois, Stefania Negri, 2015-01-08 The Challenges of Environmental Protection and Sustainable Development from Rio to Rio 20 and Beyond is an innovative and original book which addresses in an analytical and critical way the issues raised by Rio 20 Its content offers a wealth of information from world leading experts in the fields of international law international environmental law and international health law The book provides a unique insight in issues which are at the core of the contemporary management of social environmental and economic questions and thus represents a very important contribution to our further understanding of the concept of sustainable development It is aimed at a global audience and at anybody interested in the future of our Planet and the fate of future generations Contributors are Pia

 Liridon Lika, 2025-06-20 This book offers an original analysis of relations between the Republic of Kosovo and the Republic of
 Albania with a particular focus on the 2008 2025 period It provides an inside perspective bringing together scholarly
 contributions from academics researchers and diplomats from both countries As Kosovo and Albania are inhabited by an
 overwhelming majority of ethnic Albanians relations are fraternal deep and extensive with the two states signing numerous
 agreements and memoranda in the political economic educational cultural and security fields This special relationship is
 explored through innovative and multidisciplinary approaches thus making the study both timely and relevant The book will
 be of key interest to scholars diplomats and students focusing on Political Science International Relations History Kosovo s
 foreign policy Albania s foreign policy and Southeast Europe **The Palgrave Handbook of Environmental Politics and**
Theory Joel Jay Kassiola, Timothy W. Luke, 2023-03-02 This Handbook aims to provide a unique and convenient one volume
 reference work exhibiting the latest interdisciplinary explorations in this urgently burgeoning field of intellectual and
 practical importance Due to its immense range and diversity environmental politics and theory necessarily encompasses
 empirical normative policy political organizational and activist discussions unfolding across many disciplines It is a challenge
 for its practitioners let alone newcomers to keep informed about the ongoing developments in this fast changing area of
 study and to comprehend all of their implications Through the planned volume s extensive scope of contributions
 emphasizing environmental policy issues normative prescriptions and implementation strategies the next generation of
 thinkers and activists will have very useful profiles of the theories concepts organizations and movements central to
 environmental politics and theory It is the editors aspiration that this volume will become a go to resource on the myriad
 perspectives relevant to studying and improving the environment for advanced researchers as well as an introduction to new
 students seeking to understand the basic foundations and recommended resolutions to many of our environmental challenges
 Environmental politics is more than theory alone so the Handbook also considers theory action connections by highlighting
 the past and current thinkers activists social organizations and movements that have worked to guide contemporary societies
 toward a more environmentally sustainable and just global order Chapter Eco Anxiety and the Responses of Ecological
