Handbook of Methods in Cultural Anthropology H. Russell Bernard, Clarence C. Gravlee, 2014-07-08 The Handbook of Methods in Cultural Anthropology now in its second

edition maintains a strong benchmark for understanding the scope of contemporary anthropological field methods Avoiding divisive debates over science and humanism the contributors draw upon both traditions to explore fieldwork in practice The second edition also reflects major developments of the past decade including the rising prominence of mixed methods the emergence of new technologies and evolving views on ethnographic writing Spanning the chain of research from designing a project through methods of data collection and interpretive analysis the Handbook features new chapters on ethnography of online communities social survey research and network and geospatial analysis Considered discussion of ethics epistemology and the presentation of research results to diverse audiences round out the volume The result is an essential guide for all scholars professionals and advanced students who employ fieldwork *Studying Societies and Cultures* Lawrence A. Kuznar, Stephen K. Sanderson, 2015-12-03 A thought provoking stimulating volume on the past present and future of cultural materialism that is both laudatory of Harris research strategy and critical of it Paul Shankman University of Colorado One of the most important anthropologists of all time Marvin Harris was influential worldwide as the founder of cultural materialism This book accessibly analyzes Harris s theories and their important legacies today The chapters explore cultural materialism s epistemology and its relation to rational choice theory Darwinian social science and population pressures The authors assess recent attempts to extend and reformulate cultural materialism and highlight cross cultural archaeological and ethnographic applications of cultural materialism today **Anthropology** Elvio Angeloni, 1999 This compilation of public press sources examines anthropological perspectives culture and communication organization of society and culture families gender and status religion and ritual and sociocultural change **New Mentalities of Government in China** David Bray, Elaine Jeffreys, 2016-01-13 China continues to transform apace flowing from the forces of deregulation privatization and globalization unleashed by economic reforms which began in late 1978 The dramatic scope of economic change in China is often counterposed to the apparent lack of political change as demonstrated by continued Chinese Communist Party CCP rule However the ongoing dominance of the CCP belies the fact that much has also changed in relation to practices of government including how authorities and citizens interact in the management of daily life New Mentalities of Government in China examines how the privatization and professionalization of public service provision is transforming the nature of government and everyday life in the People s Republic of China PRC The book addresses key theoretical questions on the nature of government in China and documents the emergence of a range of new mentalities of government in China Its chapters focus on areas such as clinical trials conceptualizing government consumer activity elite philanthropy lifestyle and beauty advice public health social work volunteering and urban and rural planning Offering a topical examination of shifting modes of governance in contemporary China this book will appeal to scholars in the fields of anthropology history politics and sociology **Anthropological Fieldwork** James Davies, Dimitrina Spencer, 2020-05-22 Anthropologists are affected by and affect others through emotional engagement they manage emotions or allow them to unfold as vehicles of understanding

The contributors to this volume argue that participant observation is an embodied relational process mediated by emotions. If fieldwork is to attain its fullest potential, emotional reflexivity must complement the wider reflexive task of anthropologists. This makes particular demands on the training of anthropologists and the contributors to this volume propose new ways of practising emotional reflexivity such as radical empiricism that enhance anthropological knowledge. Emotions in anthropology are explored from a variety of methodological and theoretical standpoints drawing on fieldwork in Nepal, the UK, Taiwan, Russia, India, and the Philippines.

Conservation Directory, 1970 **Anthropology 2000-2001** Elvio Angeloni, 1999-12. This compilation of public press sources examines anthropological perspectives on culture and communication, organization of society, and culture families, gender, and status, religion, and ritual, and sociocultural change. It includes both classic and contemporary anthropological studies.

Revolutionizing Healthcare Experience With Digital Medical Tourism Hassan, Viana Imad, Singh, Amrik, Jaboo, Ali Said, Sorayaei Azar, Ali, 2025-03-19. The rise of digital technology in medical tourism is reshaping the way healthcare services are accessed globally, making it easier for patients to find and receive care from providers in different countries. By integrating digital platforms, telemedicine, and digital health records, the process of booking and receiving medical treatment abroad becomes more streamlined, increasing accessibility and convenience for patients. This also creates new opportunities for healthcare professionals to expand their reach while improving the patient experience through better communication and optimized services. However, challenges related to regulation, privacy, and language barriers remain, highlighting the need for effective strategies to manage this growing industry.

Revolutionizing Healthcare Experience With Digital Medical Tourism provides a thorough examination of the significance of digital orientation in the quickly changing field of medical tourism. It illuminates the potential advantages and difficulties associated with using digital marketing to promote medical tourism. Covering topics such as automatic diagnosis, patient privacy, and telemedicine, this book is an excellent resource for medical professionals, medical tourism agencies, digital health innovators, healthcare policymakers, entrepreneurs, academicians, researchers, and more.

List of Classes of United States Government Publications Available for Selection by Depository Libraries, 1999-04 **Leviticus** Johnson M. Kimuhu, 2008. Whereas many books in this field deal with individual aspects or texts of the study of family laws, *Leviticus: The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa* examines extensively biblical texts, ancient Near Eastern text, and oral traditions from Africa. Thus, three different cultures converge: the world of the Hebrew Bible, the world of the ancient Near East, and the world of Africa. This volume examines in detail the history of the development of ancient laws in general and family laws in particular, especially the laws relating to marriages between close relatives. Furthermore, Johnson M. Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into African languages. In that sense, Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew, and he also offers insights into the current

debate on the study of kinship from the point of view of social cultural anthropology and the Hebrew Bible legal system
Teachers students and researchers in biblical studies ancient Near Eastern studies African traditions and social cultural
anthropology will find this book helpful in their quest to understand family laws prohibitions and taboos Monthly
